SCHOOLS

We are a leading Swiss language education group based in Montreux, Switzerland.

With adult schools in Montreux, Berlin, Freiburg and Lyon, teaching French and German, we also provide English, French, German and Italian summer courses for juniors and teens. Established in 1996, our mission is to encourage language development through immersion and to expand the horizons of our students, to inspire their future.

Ugo Toselli

Director

Dear Students & Parents,

With over 20 years of experience in providing excellence and enjoyment for our international summer camp students, we are confident that our campers will live the experience of a lifetime and return home with unforgettable memories and improved linguistic skills. We offer an exceptional opportunity to bring people together from a diverse range of nations and cultures, encouraging open-mindedness, collaboration and the forging of lifelong friendships.

Having launched our first language summer camp back in 1996 in two small Swiss mountain towns, today we are proud to have fourteen locations across Europe, boasting fantastic destinations in Switzerland, Germany, France and England. The cultural, sports and leisure activities available are second to none and our camp programmes remain among the most comprehensive on the market!

Continuing a tradition of excellence in Swiss-quality language education, mixed with a unique sense of outdoor adventure and fun, we can promise our students memorable moments, stimulating classes, exciting activities and new discoveries.

Inspired by our own multicultural and multilingual country, our devotion to high-quality teaching and encouraging language development through immersion remains distinctly in our genes and is the source code from which all our programmes are created.

Are you ready for an exceptional summer adventure?

We look forward to welcoming you!

Have fun learning a language

The Alpadia course programmes have been specially designed for young students and are adapted to the level of each participant. Thanks to 20 years of teaching experience, Alpadia offers an effective and enjoyable approach to language learning, with our teachers attaching particular importance to communication. They deliver interactive and motivating classes allowing for the easy practice of newly acquired language skills. Progress is made naturally in a pleasant atmosphere. This is the perfect opportunity to develop your language skills and to have an unforgettable experience!

Our teachers

Our teaching team is made up of dynamic teachers who follow a communicative approach. They are chosen for their teaching abilities, enthusiasm and the personalised attention they know to give to each student. They make every effort to create a relaxed, fun and stimulating atmosphere, and the topics of the lessons are aligned with the interests of the students. Even during extracurricular activities, the teachers encourage students to use the language being studied. This fun and motivating teaching is the key to effective learning.

Our certificate

At the end of your stay, you receive an Alpadia language certificate attesting to your participation in classes, validating your language level and specifying the results obtained.

Adapted to your level

Whatever your current level of the language you are studying, you will follow a course designed for your needs. At the beginning of your stay, you will take an evaluation test, after which you will be placed in a class corresponding to your level. A weekly test allows the teacher to accurately follow up on the progress being made by each student.

Course types

Classes take place every morning from Monday to Friday. At each venue, you have the choice between a standard and an intensive course. Private lessons are also available at every centre, in combination with the standard course only.

Private course

5 lessons x 45 minutes per week

In order to make maximum progress, benefit from an additional five private lessons per week to reach your personal objectives. Rapid progress is guaranteed. Private lessons can only be combined with the Standard course.

Leysin-Juniors

The Oxygen of the Alps

Located in the Swiss Alps, at an altitude of 1263 m, the charming resort of Leysin is exceptionally sunny throughout the year, which explains its renown amongst lovers of nature, mountains and splendid panoramas.

A tourist destination for more than a century, just 30 minutes from Lake Geneva and the magnificent scenery of the UNESCO World Heritage-listed Lavaux vineyards, Leysin is more attractive than ever. The town has evolved over time, developing extensive sports and leisure facilities. In the process, it has gained the very exclusive Swiss “Families Welcome” label, which applies extremely strict standards regarding the quality and safety of events and activities for children.

We have chosen Leysin for our course centre due to its wonderful location, so our young language learners can make the most of the fresh air and have fun while practising their favourite sports and leisure activities.

The Heart of the Lahn Valley

Located north-east of Frankfurt, the Lahn Valley is one of the most beautiful regions of Germany. With numerous castles, impressive churches, cathedrals and legacies from Celtic and Roman times, the Lahn valley offers many places of cultural and historical interest. The area is dotted with fortresses, castles and half-timbered houses, which are found over the hills and in the towns. A mix between fairy tale and baroque styles, this unique region offers a multitude of places to visit.

The forest-covered mountains and local rivers provide a natural environment of serenity and beauty. It is an ideal location to experience numerous outdoor activities and to take advantage of the fresh air and natural splendour of the region. Weekend excursions are organised in the nearby cities of Frankfurt and Cologne, allowing students to get a dose of the cities and their many attractions, not to mention the shopping opportunities.

Ascona

The Pearl of Lake Maggiore

Scents of mimosa, flowery quays lined with palm trees and a postcard-like setting: Ticino is without doubt one of the most beautiful cantons of Switzerland. As for Ascona, could you dream of a better place for a language study stay in Italian-speaking Switzerland?

Situated on the banks of Lake Maggiore, in a sun-drenched bay, Ascona has become one of the most beautiful lakeside resorts of Italian-speaking Switzerland. There, you will enjoy breathtaking surroundings for active holidays, livened up by artistic and cultural discoveries as well as many watersports. Stroll through the small streets with a thousand shops or go for a walk along the magnificent lakeside promenade; allow yourself to be swept away by the charm of this former fishing village for a few moments, before reimmersing yourself with delight in the exciting activities' programme. With so much to see and do in Ascona, your only regret will be that the days seem too short to try everything!

Make new friends

General information

Accommodation

Home away from home

It is certainly easier to communicate, to exchange and to discover the culture around you when you feel at home. In a pleasant and welcoming environment, you will be able to take full advantage of your language study stay. We have selected various accommodation options designed around the requirements of young students. According to the region, our students can choose to stay in a residence or with a host family. Whichever option you choose, you will be in an ideal situation to practise the language you are studying daily.

Alpadia residences

Live with young people of all nationalities, discover various points of view and make new friends. Residence accommodation allows you to have a very enriching experience of community and international life. Depending on the destination, students are accommodated in bedrooms with 1 to 4 beds alongside other Alpadia students. The language classes, the majority of meals as well as some of the activities take place within, or in the immediate surroundings of, the Alpadia campuses (residence and course centre). On request and depending on availability, students may be accommodated with a friend.

Alpadia host families

The conviviality of a family environment, daily practice of the local language and the discovery of a new culture are some of the numerous advantages that host family accommodation offers. You stay in a twin room and share the common rooms with the members of the family. You eat breakfast and the evening meal with the family and lunch in the cafeteria of the course centre. On request and depending on availability, our students may be accommodated with a friend.

Pocket money service

Just like at the bank

In the Alpadia residences, a pocket money service is available to the students. Functioning like a bank, the pocket money service is open every day, allowing students to deposit or withdraw money.

Internet & telephone access

Stay connected

The internet lets students stay in touch easily with their families. All Alpadia course centres provide free internet access. What's more, the course venues in the Alps are situated in regions benefitting from good mobile phone network coverage.

Insurance

Travel with full peace of mind

You will find various insurance options on our enrolment form. These insurance policies are valid in Switzerland, France, Germany or England.

Health/accident

During your enrolment for one of our programmes, you will need to certify that you are in possession of compulsory health and accident insurance cover, valid in the country that you wish to visit.

Cancellation

In addition, we strongly recommend that you take out cancellation insurance, in case, at the last minute, you should be unable to participate in the language study programme that you have booked.

Student supervision

Safety is our highest priority

We work hard to create the perfect environment for a language study stay. The supervision of our students is effective and discreet, adapted to the age group and the type of accommodation booked. In this way, each student gets the maximum possible benefit from their stay in complete safety. From the first day to the last, Alpadia team members are present and available to give the assistance requested by each student and to ensure their safety. At our residences, students are monitored 24 hours a day. Students who stay with Alpadia host families benefit from more free time in accordance with their parental authorisation. Emergency numbers, available 24/7, are in service at each of the Alpadia course centres.

Arrival at the course centres

Easy access!

By plane

Each of the Alpadia course centres is located close to an international airport. So whatever the location you have chosen, you will be able to get there very easily! If you so wish, you may book an Alpadia private airport transfer. A member of our team will pick you up at the airport and drive you directly to your accommodation. A cost-effective alternative is the collective transfer: according to a specific timetable, based on the originally scheduled times of arrival and departure, students are collected (on arrival) or driven to the airport (on departure) by a bus with an Alpadia representative on board.

For your child's flight, we can offer you an **Unaccompanied Minors (UM)** service, provided in collaboration with the airline. Your child will be met at the airport by an airline representative and accompanied throughout the journey. This service is designed for young children travelling alone and is strongly recommended for travellers under 13 years of age (some airline companies even require it). Airlines will charge you the fees related to this service when you purchase your flight ticket; you will then need to register the UM service with Alpadia at the time of enrolment. This means your child will be collected by an Alpadia staff member on arrival, and accompanied and handed over to an airline representative on the day of departure. With this service, young travellers are sure to be accompanied at all times, at the airport and throughout their flight.

By car

Parents who wish to drive their children by car to the course venue are welcome to. Complete documentation with all of the necessary information will be given to you prior to the stay. Please do not hesitate to contact us for more detailed information.

By train

The Alpadia train station transfer service may be booked if you are travelling by train. Just like our Alpadia airport transfer, a member of the our team welcomes you upon your arrival at the train station and drives you to your destination.

By train, with our supervision

Available at our Ascona, Engelberg, Frankfurt-Lahntal course centres, an accompanying adult takes care of the students from their departure at Zurich Airport (for Ascona and Engelberg) or Lausanne train station (for Frankfurt-Lahntal) until their arrival at the Alpadia course centre. Students travel in a relaxed manner without worrying about changing trains alone.

Neither the course nor the accommodation will be deemed to have been paid for unless the relevant amount has been received into the account details of which will be provided by Alpadia upon confirmation of enrolment.

6. Payment period

The contract partner will be held liable in the event that the payment periods, specified by Alpadia in the confirmation, are not complied with. In such circumstances, Alpadia reserves the right to refuse entry to the course. No claims will be accepted by Alpadia.

7. Proof of payment

Participants may be asked to provide documentary proof of payment of the full fee for their course and accommodation either before or on commencement of the language course. Failure to do so may mean that entry to both the course and the accommodation will be refused. In the case of late enrolment, Alpadia will ask for proof before sending the pre-arrival documentation.

8. Cancellation prior to commencement of the course

A contract partner may cancel their contract in writing at any time prior to commencement of the language course. In that event, Alpadia will be entitled to seek payment of appropriate compensation, the amount of which will depend on the period of time remaining between the date on which Alpadia receives the cancellation and the date of commencement of the language course. In accordance with this principle, the amount of compensation is calculated as follows:

- 56 days or more prior to the first day of the language course: 10% of the total invoiced price
- Between 55 and 30 days prior to the first day of the language course: 20% of the total invoiced price
- Between 29 and 22 days prior to the first day of the language course: 30% of the total invoiced price
- Between 21 and 15 days prior to the first day of the language course: 50% of the total invoiced price
- Between 14 days and the first day of the language course: 100% of the total invoiced price
- Failure to participate in the course or cancellation after the given deadlines: 100% of the total invoiced price

The registration fee of CHF 110 / € 75 / £ 55 and the insurance costs will remain due. The cancellation amount must be received at the latest 10 days following receipt of the cancellation invoice. In the event

that a participant is refused a visa and the original refusal document issued by the Swiss/German/French/British Embassy is supplied, Alpadia undertakes to reimburse the whole amount paid, less the administration fee of CHF 150 / € 100 / £ 100 and the bank charges of CHF 60 / € 40 / £ 20.

9. Cancellation insurance

Alpadia recommends that contract partners take out a cancellation insurance policy. In the event that the participant has taken out cancellation insurance and then cancels their course, they will be responsible for notifying their insurers. Under no circumstances will a cancellation insurance policy render Alpadia liable for non-reimbursement of a course. Alpadia offers cancellation insurance.

10. Passports and visas

The participant will be responsible for complying with the security regulations, the regulations governing the obtaining of a visa, and the health regulations required to enter and stay in Switzerland/Germany/France/UK. Under no circumstances will Alpadia be held liable for any notice of refusal to enter or stay in Switzerland/Germany/France/UK given to a participant. Information relating to the regulations governing security, health and obtaining a visa can be obtained from the Swiss/German/French/British Embassy or Consulate in the participant's home country. No reimbursement will be made, either in full or in part, in the event that a participant is refused permission to enter or stay in Switzerland/Germany/France/UK by their own fault. Alpadia will provide a letter of invitation for the visa application following receipt of all the costs of the language course.

11. Accident/health insurance

Every participant will be entirely responsible for obtaining accident and health cover valid for the country in which they intend to stay for the whole period of their stay. In the event that they does not have such cover at the time of registration, Alpadia sells an appropriate insurance policy covering these risks if requested.

12. Damage caused by participants / civil liability

Prior to arrival at Alpadia, each participant must take out a policy of insurance to cover any loss/damage which they may cause during the course of their stay. In any event, and even if a participant does not feel that it is appropriate for them to take out such insurance, they will be liable for any losses caused to Alpadia, its commercial partners and any other third party unless the liability of Alpadia can be clearly demonstrated.

13. Obligations of participants

Participants are required to attend the course and to arrive on time. They are responsible for choosing a course which is appropriate for their level of capability. Failure to attend the course, or irregular attendance, or any disruption to lessons caused by an individual participant's attitude will entitle Alpadia to expel the participant. The same sanction may apply to inappropriate behavior in the place of accommodation offered by Alpadia. Alpadia will not refund or pay compensation for any part of the missed course or accommodation or any additional travel costs incurred.

14. Claims

In the event that a participant wishes to bring a claim, they must notify the head of the centre immediately. Any claim for compensation must be notified in writing to Alpadia Montreux, and may not arrive more than four weeks after the contractual termination of the language course. After that time, any action taken by the contract partner will be deemed null and void.

15. Discipline

In the event that a participant is badly behaved, undisciplined, or demonstrates a poor attitude, Alpadia reserves the right to expel them immediately. In that event, Alpadia will not reimburse or pay compensation for any part of the missed course or accommodation or any additional travel costs incurred.

16. Changes affecting prices, dates or services

Until such time as a participant receives the confirmation of registration, Alpadia may change the dates and prices of language courses published on the internet or any other communication tools at any time. Following confirmation of registration between Alpadia and the participant, Alpadia may change its programme of services, provided that the changes are minor, unavoidable, based on good faith and do not in any way affect the teaching services. In the event that the "key" services provided by Alpadia are affected by major changes, participants may withdraw or apply to join a different course of the same value, if Alpadia is in a position to provide this. Alpadia must notify participants of any changes immediately and participants must notify Alpadia as soon as possible after receipt of such notification of their intention to exercise their rights.

17. Minimum number of participants

In the event that it is not possible to achieve the minimum number of participants required for a language course (6 people for a group course), Alpadia will notify the contract partner at least three weeks prior to the commencement of the course. If Alpadia is unable to provide a replacement service, Alpadia will undertake to reimburse all fees paid to date. Under no circumstances will Alpadia pay compensation for any inconvenience or loss of time. In the event that none of the courses are appropriate for the participant's level of ability, Alpadia reserves the right to substitute the group course for private tuition. The number of hours of private tuition will depend on the amount paid by the participant.

18. Premium+ options

In the event that the number of participants for one of the Premium+ options is insufficient, Alpadia reserves the right to cancel it and offer an alternative option to the participant as follows:

- Alpadia shall inform the participant of the change no later than three weeks prior to the course start
- when possible, Alpadia shall offer an alternative Premium+ option

In the event the participant wishes to change their Premium+ option during the stay, the following principles apply:

- only if there are still places available in the new chosen option
- only if their withdrawal from the previously chosen option does not jeopardize the continuation of this option for the other participants (minimum number of participants)
- the cancelled option will not be refunded; the fees related to the new option will be charged

19. Transfer by train

In the event that it is not possible to achieve the number of participants required to organise transfer by train (a minimum of 5 people), Alpadia reserves the right to cancel the transfer and will notify the participant at least two weeks prior to the commencement of the language course. In that event, Alpadia will reimburse the full cost of the transfer.

20. Activities

Depending on the weather conditions or other circumstances beyond the control of Alpadia and its organisation, Alpadia reserves the right to cancel one or more of the scheduled activities described in the brochure. In that event, Alpadia undertakes to substitute the cancelled activities with others.

21. Cancellation of our courses

Alpadia reserves the right to cancel a language course for safety reasons as a consequence of a strike, political unrest or for any other extraordinary reason. In that event, Alpadia undertakes to reimburse all costs relating to the course. Alpadia reserves the right to retain a certain amount to cover administration costs.

22. Liability

Alpadia will assume full responsibility for the language courses offered and undertakes to organise them efficiently in accordance with its knowledge and experience in the sector. Under no circumstances can Alpadia be held liable for any loss resulting from illness, accident or inconvenience caused by poor service provided by any agent appointed by Alpadia. Neither will Alpadia be responsible for the loss of any valuables, personal items, money, etc. unless such losses were due to deliberate negligence on the part of Alpadia.

23. Safety and security

Alpadia is authorised to take all reasonable action as required to ensure the well-being and good health of the participants. Alpadia is also entitled to take all necessary measures to provide a participant with any appropriate medical care in the event of necessity. Any costs arising from such medical attention will be borne by the participant's legal representative. A written release/authorisation signed by the legal representative will be required in respect of certain sporting packages where risk is involved. Without such a signed document, Alpadia reserves the right to refuse to allow the participant to take part in certain sporting activities.

24. Protection of personal data

Within Alpadia, personal data is only recorded in the event of a request for information, offers or registration for a language course. In principle, external organisations and individuals do not have access to the Alpadia database. Personal data is communicated in order to reserve accommodation (host family, hostel or hotel) or in response to a legal demand. In certain cases, Alpadia may provide such information to competent authorities (for example, to immigration authorities). Personal data is filed and registered at Alpadia-Montreux. In addition to such data being used to provide advice and information on reservation procedures to the participant, they may be used to provide participants with information about Alpadia products.

25. Promotional material

The student (or where applicable, their parents or guardian) agrees that the student's photographs, videos, artwork or other works as well as recorded or written testimonials and details of the student's accomplishments may be used worldwide by Alpadia S.A., or by a third party agent of Alpadia S.A., for promotional purposes including in its printed and online marketing materials and on any social media network without further consent or notifications. Students may be photographed and/or filmed during their language course with Alpadia S.A. and they agree to this material being used for Alpadia S.A. worldwide promotional purposes, both printed and online. The student, or their legal representative, also agrees to give consent to Alpadia S.A. to store or transfer across international borders, copies of the student images, videos and testimonials for such purposes. This agreement will be deemed non-applicable only if the student or their legal representative specifically revoke this point, in writing, at the time of registration.

26. Applicable law and jurisdiction

Swiss law will apply exclusively to the contractual relationship between Alpadia and the participant. Jurisdiction will lie with the courts of Montreux, Switzerland. The general terms and conditions of sale will not, under any circumstances, limit the laws applicable to the contract partner.
