# ENGLISH LANGUAGE COURSES

**Our English language courses are designed to help students not only increase their knowledge of English grammar and vocabulary, but also their confidence in using English.**

During their time at Ardmore we help students improve their communication skills. Therefore lessons include plenty of opportunities for students to use the language. Classroom activities include role-play, pair-work, group-work, group projects, surveys, questionnaires and games.

Each workbook contains eight topics and all students in each of the six levels study the same topic each day. Topics have been designed to be interesting and relevant to our young learners and every day they study something new. Through studying the same topics, different levels and groups continue talking about what they have learned outside of the classroom and they can be linked to activities.

All of our teachers work very hard to provide interesting and fun language lessons and they are always happy to help and support our students.

The Ardmore workbooks have been designed specifically to improve our students' language skills. We have six levels of classes and workbooks ranging from pre-beginner to proficiency:

- Activate (beginner: A0 / A1)
- Aspire (elementary: A1 / A2)
- Ascend (pre-intermediate: A2 / B1)
- Accelerate (intermediate: B1 / B2)
- Accomplish (upper-intermediate: B2 / C1)
- Achieve (advanced: C1+)

All levels cover the following eight topics:

- British / American Life
- Money, numbers and shopping
- Food and diets
- Hobbies and sport
- School and work
- Health
- Weather and seasons
- Entertainment and fame

## **INTENSIVE ENGLISH AVAILABLE AT ALL CENTRES**

Our Intensive English courses are for students who are fully committed to improving their English to the highest standard.

Our experienced EFL teachers provide an extra 12 hours of English lessons per week to maximise and boost English learning. Specific topics such as Academic or Business English can be requested. These lessons will be topic-related and will focus on using authentic materials for listening, reading, writing and speaking assignments. Homework may be given. Available on request. Supplementary cost per student.

## **TRINITY SPEAKING EXAMINATIONS**

We offer students the opportunity to take the Trinity College Graded Exams in Spoken English (GESE) to gain a qualification in speaking English. These examinations are recognised by educational institutions in many European countries. Our experienced EFL teachers test students, place them into the appropriate level and provide an extra five hours of intensive speaking lessons per week. Students are fully supported and prepared for the speaking tests, which are conducted by an external Trinity examiner.

Available at all centres. Supplementary cost per student.

**For academic year September – July**

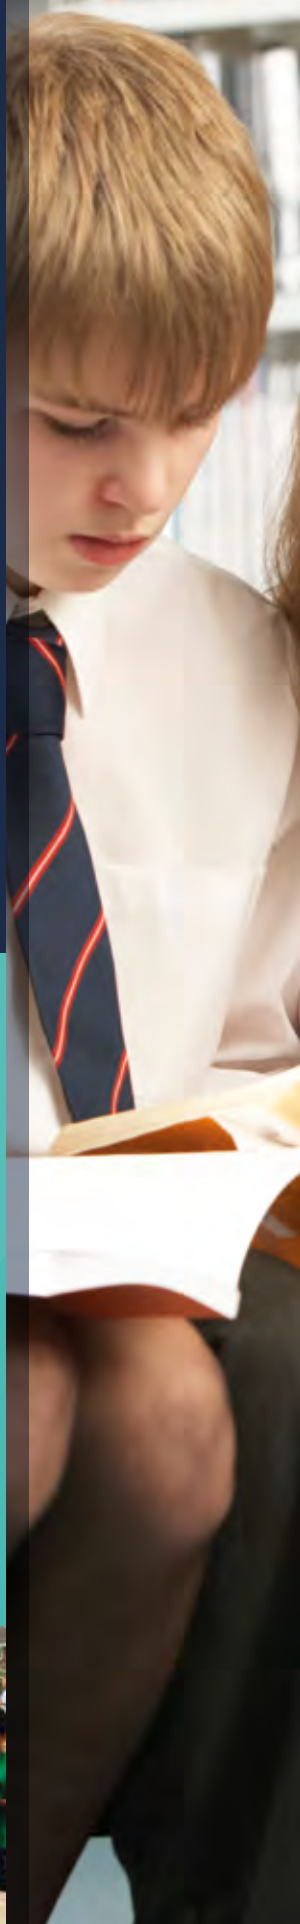

**Ardmore are delighted to offer students the opportunity to study within one of the best school systems in the world. This programme offers an academic year at a British state school – at a choice of locations throughout the UK.**

This programme provides an affordable alternative to studying at an independent UK school. Many academic year students use their stay in Britain as a “springboard” to their future educational and career aspirations – i.e. studying at a UK or International University where fluent English is a requirement, or with a view to being able to work anywhere in the world where they need an advanced level and understanding of English.

## REQUIREMENTS

- Students must be from European Economic Area (EEA).
- Students will normally need at least an intermediate level of English (e.g. of IELTS 5.5 or similar) in order to participate fully in lessons and gain the maximum benefit from this experience.
- Minimum age is 11 years and maximum age is 18 years.
- Academic year starts in September and ends in late July.
- All students are required to complete a detailed application form – with educational, medical, family and personal history, as well as academic achievements. A school is then selected by Ardmore, according to the students' requirements.
- Why not consider an Ardmore Summer Course in July or August to prepare the student and give them added confidence to start the Academic Year? Or London Sightseeing programmes during half term?

Suitable for individual students

## LOCATIONS OF SCHOOLS

Ardmore have chosen the locations of their partner schools with great care to ensure the highest quality welfare support by our most experienced local organisers, offering 24 hour assistance to students, coupled with the quality of the schools where the students will study.

All schools selected by Ardmore for this programme are inspected and graded either 1 (outstanding), 2 (good) or 3 (Satisfactory) by Ofsted which is the UK government office for standards in education, children's services and skills. [www.ofsted.gov.uk](http://www.ofsted.gov.uk)

Schools are located in towns and suburbs – away from the hustle and bustle of large cities – but at the same time, offering students the opportunity to explore the local area easily, with the excellent transport links these towns offer.

## HOST FAMILY ACCOMMODATION

Students will be accommodated at DBS (Police) checked, carefully selected host families for the duration of each term, returning to their home country during the half term (usually 1 week in February, May and October) as well as during Easter and Christmas holidays (as applicable). Families live within close proximity to the school (either within walking distance or a short bus ride away). Half board accommodation is provided during weekdays and full board at weekends.

## SCHOOL UNIFORM AND MATERIALS

School placement and text books are included in the programme. Students will be expected to wear the school uniform (up to 6th Form) and Ardmore will be able to assist students in purchasing this before arrival.

Students will be under the care of Ardmore's Local Organisers / Guardians who usually live no more than 30-45 minutes from the student and their school. In addition, Ardmore offers 24 hour, 7 day a week support by Head office. The Local Organisers will provide reports during the year to advise of the student's progress, as well as assisting in host family / accommodation matters and arranging transfers on arrival and departure.

Transfers are included in this programme.  
N.B Excluded: Half Terms and Easter.

They will participate in classes with other students, follow all the lessons in English as well as enjoying the opportunity to chat with them in a more relaxed setting at lunchtime. Group leaders accompanying the students are welcome to stay at school.

Why not book a Full School Integration Programme just before your group takes part in an Ardmore Summer / Easter course? It's a great way to encourage language learning and give students added confidence before they start their course! Why not consider a London Sightseeing programme during half term?

The programme offers accommodation with carefully selected host families located close to the school. Students will then be divided into smaller numbers and will join their English “buddies” in classes, taking part in everyday school life, e.g. Geography, English, History lessons, etc. This could involve playing sports, studying IT, learning a Shakespeare play or discovering British cookery!

Students will receive a lunch allowance to choose a hot or cold meal according to their wishes.

Afternoon school follows the same pattern as the morning and when the final bell sounds, students will return to their host families or hotel.

All British students wear “school uniform” and international groups would be expected to wear school colours. School uniform is mandatory in British Schools. Students will be expected to wear the school colours (up to 6th Form). A school tie / scarf is included with our Discovery Group Programme.
