## THE LESSONS:

Capital Mandarin School offers a series of Chinese Courses that cater to the different needs of the students who learn Chinese. Whether you want to learn how to speak, read and write, need to work on pronunciation, can only manage time to study part-time, or want to combine your classes with online lessons, we have a course ready for you.

# CHINESE COURSES

# STANDARD / INTENSIVE COURSES

## LEARN FAST, LEARN WELL

Our Chinese Language Courses are divided into Standard and Intensive Courses. Lessons can be taken in groups or privately. There is also the option to combine group and private lessons.

## SPEAK, READ & WRITE IN CHINESE

Standard Group Course (SG)

Standard Private Course (SP)

Intensive Group Course (IG)

Intensive Private Course (IP)

Intensive Mix Course (IM)

Intensive Reading & Writing Course (IRW)

**Standard Courses** include three 50-minute lessons every day, five days a week. Those three lessons take place in the morning from 09:30 to 12:20 with a 10-minute break in between lessons.

**Intensive Courses**, on the other hand, include five lessons every day, five days a week. Three lessons in the morning (09:30 to 12:20) and two in the afternoon (13:30 to 15:20).

## GROUP LESSONS:

Group lessons have 2-6 students per class and focus mainly on spoken Chinese.

They are designed to help you be able to interact in Chinese as fast as possible. Until the intermediate level, Chinese characters remain at the background.

## PRIVATE LESSONS:

The lesson focus is decided between teacher and student from the start.

The individual lessons challenge students to a much higher degree, thus progress is made much faster.

## MIX COURSE:

The Mix Course consists of three morning group lessons and two afternoon private lessons. The lesson focus in the afternoon will be decided between teacher and student, whereas morning lessons will focus on spoken Chinese.

## READING & WRITING:

The main aim (apart from being able to speak Chinese) is to be able to understand the written form and to use it to communicate, be it when reading a restaurant's menu, or sending a short message via phone.

# TEST PREPARATION

## HSK, YCT AND BCT

In order to assess the level of the Chinese language of non-native speakers at a worldwide level, Hanban has developed three exams: HSK (Hanyu Shuiping Kaoshi - Chinese language Level Exam), YCT (Youth Chinese Test) and BCT (Business Chinese Test).

New HSK	New YCT	Vocabulary	CLPS	CEF
Level VI		5000+	Level VI	C2

	Level I	80		

HSK and YCT conversion table and equivalences

## PASS YOUR EXAM ON THE FIRST TRY

Our teachers will teach students the skills and techniques required to answer the questions and pass the test the first time round. They will also arrange practice exams from other years in order to get students more familiar with the exam methodology.

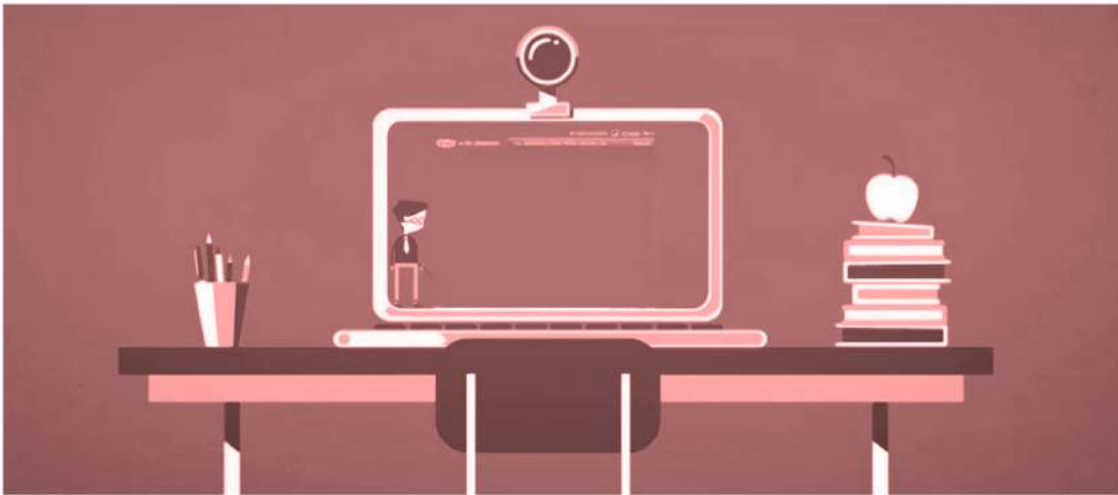

# ONLINE LESSONS

---

## LEARN AT HOME

Investing in your Chinese skills is only valuable if you train regularly and are able to remember what you have studied. It is not something easily done when living in a non-Chinese speaking area.

As such, many students consider online lessons as initial or final steps of an intensive course, in other words, they use online lessons to get up to date before coming to Beijing, or to maintain their Chinese level after they have left.

## NEVER FORGET WHAT YOU STUDIED

Enjoy 50 minute lessons from the comfort of your home or office without paying outrageously high prices. The content and intensity of the lessons are tailor made for every student, thus ensuring the best teaching quality possible.
