# About COINED

## We were born

In 1971, we began organizing bilateral exchange programs between German and Argentinean high school students. As time went by, we introduced innovations in the intercultural exchange over and, years later, we founded the first school for teaching Spanish as a foreign language, the second spoken language in the world.

## We expanded

We added new programs and destinations. At the same time, we designed tailor-made programs for all ages and interests, as well as work experience programs: Volunteer and Internship in Latin America. Nowadays, COINED promotes intercultural experiences in more than 50 cities all over Latin America.

## We became stronger

We have strengthened our organization by growing professionally, improving the facilities of the cultural centers and consolidating associations with top organizations worldwide.

## We became global

We are a global leading organization in Latin America in the field of studying abroad. We are passionate for what we do and our mission is to give life-changing experiences. With this in mind, we offer experiences abroad in Education, Language and Work Experience areas. All the programs involve full immersion in the local culture.

## We became the best

We have been the most nominated Spanish Language School since 2010, and awarded as the best "Spanish Language School" in 2014.

# Life Changing Experience

Live and enjoy an intercultural experience! Learning about the culture and language of a country is a life-time experience you will never forget. Get fully immersed in a new culture by spending time with locals and making new friends from all over the world at COINED school.

## Academic Excellence

We guarantee quality academics with the best professors trained to teach Spanish as a second language with innovative teaching methods. Our teachers are selected from the top universities and they provide classes for all levels, from those who have never spoken a word of Spanish to those who wish to prepare for the DELE exam.

## Diversity of Students

Students from all over the world participate in our programs. This diversity provides you with a great international outlook and a multicultural experience.

## Qualified Staff

You can always count on our friendly staff! Their main goal is to make your experience unique and unforgettable. Our staff will assist in your cultural immersion. Be a lifetime member of COINED Students' Network.

## 360° Immersion

Life-changing program specially designed to meet your needs. A wide nationality mix at our classes is ensured in order to live an international experience. You will quickly and easily learn to communicate in Spanish through continuous practice. You will continue learning Spanish outside the classroom by joining social and academic activities. Various activities are organized each week to boost your cultural immersion.

## Internationally recognized certificate

Effective methodology delivered by world-class teachers, COINED is trusted and accredited by many international education organizations. COINED Guarantee: recommended by 96% of students.

## Combine Cities and Countries

You can combine programs at any of our destinations allowing you to experience more than one Spanish speaking region during your time abroad. Finding your perfect place: a vibrant city, a colonial town, beach or mountains.

## Central Location

All our Spanish Schools are centrally located in historic neighborhoods which are easily reachable by public transportation.

## Highest Quality and Variety of accommodations

All our accommodation options are carefully selected in order to guarantee a safe and comfortable environment. You can rest assured that all of our accommodations have been carefully selected by our staff, and all near COINED schools.

## Flexible programs

Start any Monday of the year, fit the course into your plans at every level of Spanish and you will be placed in the appropriate level for your skills.

## The best investment of your life

Invest in yourself, invest in this experience and of course it's going to change your life. The bonds formed in a completely new environment, traveling on weekends and studying with people from all over the world are incredibly strong.

# Coined Spanish School

## COINED Learning

COINED has been built strong over 40 years of experience, commitment and enthusiasm.

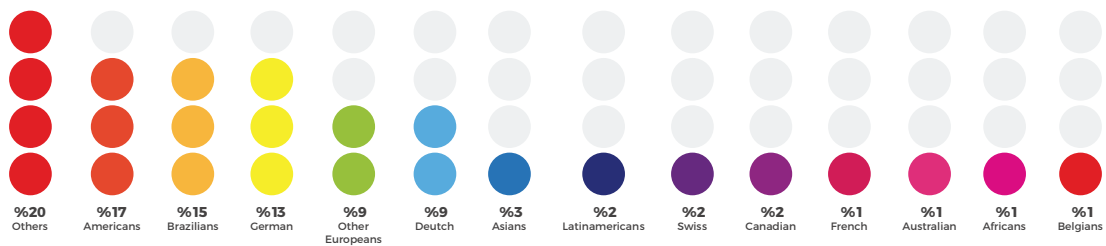

## COINED Teachers

All of our teachers are native speakers with degrees in education, linguistics and related fields. Additionally, they are specifically trained to teach Spanish as a second language to foreigners. Beyond the academic excellence, our teachers really care about the students.

## COINED Nationality mix of students

A wide mix in our classes is ensured in order to guarantee progression in Spanish language. We believe that this diversity adds value to the course experience and provide a great international outlook. Meet people from all over the world!

## COINED for all ages

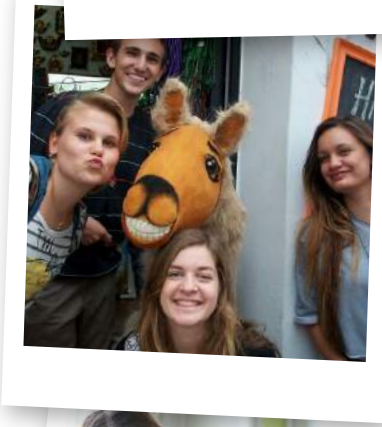

We receive students from a wide variety of countries and cultural backgrounds. Their ages and reasons for learning spanish are carefully considered to better serve their objectives.

# Spanish for Groups

## Group Programs

We define it as a group of students (young or adults) with similar level of Spanish who book, travel and arrive together to a destination. This program includes one free participant (Leader) every 10 students.

## Teen & Junior

You can combine a Spanish Language Course with a program related with culture, tours or activities! Learn Spanish, make friends and immerse in Spanish life living with a host-family. Get the most out of your course by truly integrating yourself into local life and you will quickly improve your Spanish skills.

## Customized

- Create customized courses at a favorable price for a group of people who have similar interest and course objectives.
- Combine Spanish Language programs with a culture program, tours, higher education, professional or just a fun program!

## Higher Education

We create group courses programs developed in partnership with Argentinian Universities. You can take 10 to 20 Spanish classes + 6 to 10 classes in a selected specialization area in Spanish per week. Flexible start date and duration.

**The specialization areas includes:** Art & Culture, music, design, business, education, tourism, sociology & more!

# University Programs

## Group Programs

The group will have the chance to learn about processes at different organizations and universities of Latin America according to the field of study required. The main fields are: Environment, Architecture, Industry, Education, Gastronomy, Commerce & more!

**Example:** Special Study Tour "Chile: Entrepreneurship / Free Trade Agreements / Trans-Andean Linkage"

Specific activities + visits + conferences + transfer + accommodation + local coordinator

Sample activities: Visit to Government Organizations, Companies related to the areas of interest and Chamber of Commerce. Conferences on: Free trade agreements / Launching of Chile to the world "Prochile"

## Preparation for University Entrance Exams

Through a personalized orientation and specialized support, we collaborate in your entrance to the University in Argentina.

The main university degrees are: Medicine, Law, Architecture, Gastronomy, Commerce & more!

## Academic Credits

Traveling abroad has increasingly become an important part of the academic world. In order to approve the academic credit, your University will ask you for some specific information about the program you choose to take and will make sure the program follow their requirements.

# Your Own Adventure

## Your adventure is about to begin with COINED

We work in every detail to create a pleasant and unique experience for you. A professional and coordinated team will provide you with all the support necessary so you feel secure and welcome.

### Welcome

#### Arrival

We coordinate your arrival with the transfer service, no matter what time your flight arrives the transfer will be waiting for you at the airport.

#### First day at COINED

The director of our school will be waiting for you to give you a warm welcome, show you the school facilities, give you the language level test and assign you to your course.

#### Lunch and city walk

On your first day you will have a Welcome lunch to meet all your partners and professors at the school. In the afternoon you will take part in a City Walk to know your new city!

#### Accommodation

The transfer will bring you to your accommodation. Staff from the different types of accommodations will show you the facilities and make sure that you have everything that you need.

#### Your adventure has just begun!

### One Day at COINED

#### Spanish Classes

Classes start every Monday and are held from Monday to Friday from 9 a.m. to 1 p.m. in the afternoon from 2 p.m. to 6 p.m. (In case you take an Super Intensive Course or Immersion).

#### Lunch

You can have a lunch in the school or go outside with your partners and enjoy typical food.

#### COINED Activities

Enjoy the recreational activities organized by the school, such as tango, salsa or bachata dance classes, and more!

#### Dinner

#### Enjoy Latin America Nights

Hundreds of options available will allow you to take full advantage of the city. Theater, Latin American dance shows (professional tango, salsa, folklore), pubs and discos, karaoke night, wine tasting, cooking classes, and more!

# One week in COINED

Liven up your Spanish experience by joining in the weekly activities organized by COINED Spanish schools. The recreational activities organized by our school will be an important part of your experience. As well as being a great way to improve your Spanish, our social program includes visits and tours that enable you to see the place where you are studying Spanish through the eyes of local people.

## Airport Transfer

Transfer to accommodation

📍 **Argentina:** Buenos Aires, Cordoba, Bariloche, Patagonia (Puerto Madryn), Mendoza, Ushuaia, **Chile:** Santiago de Chile, **Panama:** Bocas del Toro, Panama City.

# Your Volunteer Program

Volunteer is a Latin word. The dictionary says that to volunteer is to work on behalf of others.

We are part of a rich world but of uneven distribution, there is a huge difference between those who have a lot and those who have almost nothing.

Under these circumstances the environment is also affected. You can be part of the change working in two different areas: Social and Community or Nature projects.

## Social and Community Volunteer Programs

Some of our most popular projects

### Children Day Care Center

Cordoba, Argentina

A true shelter which also provides daily meals to about 150 children. Besides care and food, the project offers workshops and entertainment, so a helping hand would be of great help. You'll be able to help in whatever activity you like; taking care of the children and organizing workshops as well as helping in the soup kitchen.

### Health Centre

Cuzco, Peru

Do something for the Peruvian society by taking part of this project that aims to provide medical assistance to disadvantaged people in Peru. You'll be improving their quality of life and actually changing something by giving your support and time.

### Equine Therapy Volunteer

Cordoba, Argentina

A very exciting project that will allow you to witness the healing powers that the relationship between man and horse have on disabilities. You'll be working with people of all ages and with different kinds of disabilities such as sensory, motor, psychomotor, and mild to moderate intellectual disability. This is a perfect project if you enjoy spending time with both people with special needs and horses.

### Educational Volunteer, Assist people with Autism

Santiago de Chile, Chile

Help the largest institution dedicated to assist people with Au- tism in Santiago through education, therapeutic services and supporting their families. The competent and experienced staff will help you understand a little bit more about this condition and will guide you through your experience making sure that you have a swell time. Help and participate in wide range of activities.

### Teach English in Women's Refuge

Buenos Aires, Argentina

Teach English and help with the workshops attended by the teenagers. The most important task is to bond by sharing your culture with the girls and providing support in their daily life. Collaborate in any activity carried out within the Host Organization.

### Promote the Defense of Human Rights

Buenos Aires, Argentina

Health, con nement, environment, gender, violence, immigrants, media are some of the issues we have tackled from our institutional goals, to not only inform and disseminate everyday reality, but coordinate actions to improve the citizens' of quality of life.

## Nature Volunteer Programs

Some of our most popular projects

### Sea Turtle Conservation Volunteer

Quelonios, Costa Rica

Lend a hand to conserve our wildlife and natural resources. The main focus of this project is the protection of marine turtles, in particular giant Leatherbacks, Hawksbills and Green Sea turtles, which are threatened with extinction. The project looks for the improvement of quality of life for the local community. Be part of this project and learn new skills while working side-by-side with local and foreign professionals.

### Volunteer in Southern Right Whale Observatory

Puerto Madryn, Patagonia

The observatory is located 21 meters above sea level and surrounded by "Las canteras" and "el Doradillo" beaches. This group organizes daily maintenance activities for the preservation of the environment and conservation of the species. You will contribute to their conservation. As well, you will be constantly with tourists and visitors who are eager for your help and guidance in this beautiful encounter with the Southern Right Whales and their calves.

### Volunteer in Marino Ballena National Park

Costa Rica

This national park named after the Humpback whales that migrate here each year needs to be protected from natural and anthropogenic threats that hassle the area. It is a unique space on earth in which flora and fauna species are in danger of extinction. You can do a lot to prevent this. Local staff and other international volunteers will welcome you to lend a hand for this national park's sake.

### Volunteer at a Local Animal Shelter

Cordoba, Argentina

Help with all sorts of tasks that keep this center working efficiently to protect abandoned or abused animals in Córdoba. Assist on any of the many areas that this center offers: feeding, healing and treating, repairing, giving advice, promoting adoptions and fund raising events and cleaning. Relate to an Argentinean reality of those one who do not have a voice and get to know it from the inside while giving your best and helping them.

### Volunteer in a Rescue Center

Peten, Guatemala

Work in direct contact with wild animals that have been unfortunate enough to get caught and are now in pain. You can help to improve their health and to reintegrate them into the ecosystem they belong. You will have the chance to learn a lot about wild life, make new friends and to do your bit for the wellbeing of animals that need to be protected.

## Other Programs

We have many more options available for you all over Latin America!  
Be part of the change and come help us to make a better world.

# Your Internship Program

An Internship is the best way to strengthen your knowledge on your field of study and gain job experience in career fields outside the classroom. Either choosing among the jobs we have available or asking for a specific job that matches your interests you will get the best placement match according to your requirements, expertise and aptitude. Work in different private companies and public or non-governmental organizations.

## Projects

Some of our most popular projects

### Business Management and Logistics

Santiago de Chile, Chile

Be the one responsible to represent, coordinate and ensure the client's interests at different stages of the documentation process of export and shipment in a leading company that provide integrated services to shipping companies as well as exporters and importers, in the whole process of moving cargo through three main areas of business: Port Terminals, Tugs and Logistics.

### Public Law

San Jose, Costa Rica

On an Internships in Public Law you will perform tasks related to governing the relationship between individuals (citizens, companies) and the State; in subdivisions such as constitutional law, administrative law and criminal law. You will be carrying out tasks such as: Legal issues research, assisting in document preparation and case management, collaborating in the mediation between parts and administrative tasks.

### Political Science

Buenos Aires, Argentina

Work as an Assistant in the administrative area of environmental policy organization based in scientific research projects, technical reports and services about environmental subject. You will be working in a Non Governmental Organization (NGO) that contribute to a better environmental and human quality. Their activities are dedicated to scientific and technological research, training in human resources, counseling and services.

### Gastronomy

Buenos Aires, Argentina

On a Gastronomy internship you will be involved in discovering, tasting, experiencing, researching, understanding and writing about foods. Gastronomy is therefore an interdisciplinary activity. On this internship you will be carrying out tasks such as: Creating recipes, estimating food requirements, ordering food supplies, collaborating in event planning and administrative tasks.

### Marketing

Cordoba, Argentina

Work as an assistant and collaborator in the area of communication and marketing in an organization recognized as a "boutique enterprise" with senior professionals dedicated full-time to the growth of its clients. Your tasks: Research market trends for further categorization, developing communication plans for social networks (Facebook, Twitter, Instagram). Understand the aspirations of customers and quality of service. Collaborate with some translations and assist the organization with events and press campaigns.

### Teaching and Training

San Jose, Cost Rica

Teaching and training internships refer to mentoring and training the next generation of teachers, in a setting conducive to learning about the culture and pedagogy of educational institutions. You will receive experience in all aspects of educational life. You will be performing tasks such as carrying a range of documents and articles for educational & commercial and literary fields, giving presentations and work with mentors with whom you will share classes.

## Fashion Design

Cordoba, Argentina

On a Fashion design internship you will take care of the application of design and aesthetics to clothing and accessories. You will be carrying out tasks such as collaborating in conceiving garment combinations of line, proportion, color, and texture, coordinating the clothes, jewelry, and accessories used in shop windows, fashion photography and catwalk presentations as well as searching for information about the market trends.

## Health Internship, Esthetic

Cordoba, Argentina

You will perform tasks related to body treatments, spa or cosmetic treatments and non-medical procedure to help the health of the body. Internships in the esthetics area are often performed at a resort, destination spa, day spa, beauty salon or school. You will be carrying out tasks such as assisting guests, spa maintenance, collaborating with our specialized staff, participating in trainings, building and retaining guest base.

## Tourism and Hotelery

Santiago de Chile, Chile

Work as an event organizer, public relationships and reception responsible in one of the biggest and most modern international hostel in Buenos Aires that receive people from all over the world!
