Student Assessment

Step 1

● Placement Test

When you arrive at our school you will be assessed for your CEFR level using a multiple-choice test, which tests your grammatical and vocabulary ability. A short speaking assessment will also be done to assess your starting spoken and listening level. This overall ability will then form the ADOS's opinion on appropriate placement.

Step 2

● Progression Testing

As part of a continuous assessment every student will do a mini-check of covered areas and do a consolidation exercise at least once a week. An overall progression database will be built for every student. We have a centralized student database, which tracks your progress and development at every step of the term.

Step 3

● Level Testing

If you have met the learning outcomes in the four skills for your level you will then take a Cambridge (KET/PET/FCE/CAE) level test to exit that level of proficiency. The Director of Studies/Assistant Director of Studies will oversee any exiting students to ensure you will have made the appropriate progress in the four skills for this level.

Step 4

● Continuous development

You are given two tutorials per term. These are an opportunity to self-reflect on your progress and talk one-to-one with your teacher about how you are getting on. Your teacher will assess your progress and development in relation to the overall course learning outcomes and will make suggestions on how you can improve.

Step 5

● Feedback and Meeting with the Educational Director

We encourage feedback from you the Student. Our teachers are here to give you advice, guidance and support on your learning journey.
