# YOUR KAPLAN JOURNEY STARTS HERE

From the day you arrive to the day you finish your course, we'll be there to help and to make sure you get the very best from the amazing experience of learning English in another country. Here's how:

## 1. SUPPORT FROM STUDENT ADVISORS BEFORE YOU LEAVE

You'll have lots to do before you leave, so our advisors will be there to help you along the way. We'll send you information about your course, living costs, insurance, paperwork you might need for your visa, and even what to pack.

## 2. PERSONALIZED TRANSFER SERVICES FROM THE AIRPORT

A friendly face in a foreign country is always welcome. So how about a personalized transfer service to meet you at the airport the moment you touch down? If you choose, we can arrange for a trusted driver to pick you up and take you straight to your accommodation.

## 3. SETTLING INTO YOUR NEW ACCOMMODATION

We know you'll love it because we are committed to finding you the right accommodation, whether you want the independence of a student residence, where you'll live around other students, or the comforts of staying in a homestay with locals, where you'll truly immerse yourself in the culture. We inspect all of our accommodation options regularly and have staff at the school to help you with any questions.

## 4. A WARM WELCOME ON YOUR FIRST DAY

You'll have time to settle in before lessons start. We'll ensure you are able to meet everyone, from school staff to teachers and fellow students, and show you around your new school surroundings, with time to discover the local area. We'll determine your English level to make sure we put you in the right class, then give you a personal timetable so you are ready for your lessons.

## 5. YOUR CLASSES

The start of a fantastic experience — modern facilities, educational excellence, and friendly staff determined to make you feel at home. We pride ourselves on having passionate teachers who love teaching international students. You will be made to feel comfortable in class, and share your learning experience with students of a similar level of English from all over the world. We'll encourage and help you every step of the way, and, with our K+ learning system, you'll make rapid progress towards your goals.

## 6. AN EXCITING SOCIAL PROGRAM AFTER CLASS

It's not all study. Every school runs a social program that makes the most of the city and sights around it. Explore a new country, enjoy trips and activities with friends, and practice your English in a relaxed and informal way.

## 7. YOUR CERTIFICATE

Congratulations, you've achieved something truly worthwhile — a set of English skills that can take you to university, a great job, or around the world. You'll have a Kaplan Certificate to prove it, a network of new friends to celebrate it, and amazing memories that will last forever.

## WELL DONE

You've come such a long way. Your new life in English begins now!

The *K+* advantage

# THE KAPLAN LEARNING METHOD

AN INTEGRATED APPROACH TO LEARNING

*K+* is our specially designed English language learning system. Kaplan's team of experts has taken the best elements of face-to-face teaching and combined them with all the advantages of online learning. With our *K+* learning materials you'll be given the tools to become a confident English speaker in every aspect of life, and our qualified, dedicated, and experienced teachers will help you all the way.

## YOUR LESSONS

Kaplan teachers use a range of highly effective exercises to keep classes interesting, engaging, and challenging, allowing you to focus on building skills and confidence while improving your pronunciation, broadening your vocabulary, and mastering grammar. Our *K+notes* course books and interactive whiteboards will develop your reading and writing skills and encourage you to speak English confidently inside the classroom and beyond.

## PASSIONATE TEACHERS

Our fully qualified teachers are passionate about helping you reach your goals. They will teach, support, and motivate you along every step of your English journey.

## OUR *K+NOTES* COURSE BOOKS

Our course books are dynamic, focused on interesting topics, and packed with exercises to help you practice speaking and listening while working on your grammar and vocabulary. Enjoy using them in class, then continue working at home with our *K+tools* online learning program.

## INTERACTIVE WHITEBOARDS

Most of our classrooms have interactive whiteboards. They're a great way to bring the *K+* learning materials to life as teachers and students use them to interact and collaborate.

## ONLINE LEARNING

All Kaplan students have access to online practice tools to further boost their opportunities for improvement. Students can use these tools in the school multimedia lab or on their own tablets, computers, or mobile devices.

### K +EXTRA

Improve even faster with our online *K +eXtra* self-directed study materials\*. Whereas *K +tools* builds off the materials you are discussing in class, *K +eXtra* gives you the opportunity for independent learning with access to entirely new grammar and vocabulary exercises. Make your learning fun with interactive questions, videos, audio examples, and assessment tasks. With modules dedicated to every language area of our *K+* curriculum, you'll have plenty of choices and be able to focus on any specific areas of difficulty. Each module is split into Learn, Practice, and Test segments.

You'll receive your very own profile and login, so every time you come back to your online account, you can pick up exactly where you left off. You can also work at different levels in different skills, depending on your ability. If your grammar is more advanced than your pronunciation, for instance, you might work at Higher Intermediate in one and Lower Intermediate in the other.

\**K +eXtra* is not available to students studying Vacation English.

### BEYOND THE CLASSROOM

Your English language journey doesn't have to end after your time at our school has drawn to a close. Once you've completed your studies, you may purchase continued subscriptions to *K +tools* and *K +eXtra* in 3-month blocks to continue to build on your English skills from the comfort of your home country, or from wherever you end up!

### K +CLUBS STUDY GROUPS

In addition to your regular classes, there are also teacher-led study sessions that run throughout the week. These study clubs explore a wide variety of topics and are an excellent way to practice skills learned in the classroom and make new friends.

### K +TOOLS

Complement your in-class lessons with access to level-appropriate online materials with *K +tools*. These materials are directly linked to your *K +notes* course books in class and will give you additional examples to test yourself and solidify class lessons. You'll get instant feedback on your performance and progress, and you can study whenever and wherever you want.

“The *K+* approach is highly effective because it has been developed to optimize the learning of English by applying research-based practices of feedback and group-based learning. The *K+* in-class approach maximizes opportunities for students to use their new skills together and get feedback from well-trained teachers. Research also confirms learners need different amounts of practice, in part depending on where they start. *K +tools* allows students to practice as much as they need on their own, making their in-class and social activities more productive and enjoyable.”

Our six English levels mean it's easy to find a starting point that matches your abilities and allows you to measure your progress. You may even surprise yourself by how quickly you move up the levels. Beginner courses for students with no English background are available in selected Kaplan destinations.

## A GREAT PLACE TO STAY

Where you live while you study will make all the difference to the experience you have, the friends you make, and your sense of comfort and security. We know it's an important part of your decision. Kaplan is committed to finding the highest-quality student residences and homestays — those where you'll feel the most at home.

### BE INDEPENDENT, MAKE FRIENDS

#### WHY WOULD I LIKE A STUDENT RESIDENCE?

Living alongside other students is the perfect way to make friends and share ideas and experiences (as well as recipes!) from around the world. Most residences are self-catering, so it will be your choice to cook or eat out at the local restaurants and cafés. You can enjoy your independence as most locations offer options such as residences, apartments, or hostels with a choice of single, twin, or dormitory-style rooms.

### FEEL WELCOMED, PRACTICE YOUR ENGLISH

#### WHY WOULD I LIKE A HOMESTAY?

Living in a homestay gives you the chance to practice your English every day in a relaxed atmosphere and enjoy the warmth and comforts of a real home. You'll have breakfast and dinner with your hosts and fully immerse yourself in a new culture. All of our homestays are regularly inspected to ensure they're comfortable and welcoming, and we choose hosts we know are well-suited to caring for international students.

"The residence was modern, cozy, and full of students. This is a great factor, as it allows all students to get together in the common areas and enhance their language skills while enjoying good company."

Carmela Nargiso, Italy

"I had a host family who treated me like one of their own, which helped me to overcome my homesickness. I was able to improve my knowledge of their culture and ways of life, but of course this meant I had the chance to use my English more effectively, which helped me to develop my language skills in speaking quickly."

Khaled Saad Alharbi, Saudi Arabia

# SOAKING UP THE CULTURE

One of the best things about studying in another country is experiencing a brand new culture. You will find new and exciting experiences on your doorstep — landmarks, activities, and amazing places to visit. You'll learn and see so much more than on any vacation. We offer every opportunity to enjoy an exciting social life outside the classroom by organizing activities, events, and weekend trips. Our social program will help you make the most of your stay and allow you to make memories to last a lifetime.

**RAFAEL PACHECO**

"After my Kaplan Experience I moved straight to London, I backpacked around Europe for 3 months and later started working at Jaguar Land Rover as Project Development Engineer. Kaplan gave me confidence, it's an unforgettable experience – it will help your CV, to understand different cultures, and to open your mind to new experiences."

*South Korea*  
**MYEONGCHEOL KIM**

"I was working at a trading company that makes clothes for Macy's. I used my English skills at work for emails and calls. The world is smaller than you think if you can speak English. Kaplan can help you."

*Austria*  
**FLORIAN EDER**

"I studied English in Edinburgh as preparation to pass my A-levels in Austria and then I studied Business Informatics at Johannes Kepler University in Linz. I used my English to communicate and understand my courses at university."

*Bulgaria*  
**VLADISLAVA SUSANINA**

"My TOEFL® course helped me achieve a great score on the test; I then used this score when applying to universities in the UK and here I am right now. I am currently a psychology student at the University of Surrey. There is no better way to learn English than to study abroad because you have no other choice but to speak English! Also, being surrounded by native speakers is always helpful."
