LINES Queenswood Tutorials

Tutorials are an important aspect of the students' academic day.

2 x 45 minutes are dedicated to tutorials daily.

Tutorials are a great opportunity for students to get the most from their experience inside the classroom.

Teachers use tutorials to ensure that students are managing their work and understand what materials they are covering in class.

LINES regards tutorial lessons as vital because they allow:

- Students to get extra help
- Teachers to revise work done in class
- Teachers to discuss about academic excursions
- Students and teachers to discuss any problems
- Students to complete any work or tasks set out in class
- Students to share their experiences

LINES Queenswood Workshops

2 x 45 minutes are dedicated to workshops daily.

Students can choose from Option A or Option B. Please email office@lines.ac for Options.

Students will undertake their chosen workshop for a period of 1 week, after which they can change.

Workshops should be selected during enrollment to ensure a place in the chosen workshop.

Option B workshops require a minimum level of English. An assessment must be undertaken by each student choosing Option B.

This will be sent from the LINES office and must be returned before commencing the course.

Each age group will have a selection of workshops to choose from. Not all workshops are available to all ages.
