Student Progress

Throughout the LSI programme, we monitor the academic development and well-being of each and every student carefully. We ensure that every student progresses as quickly as possible and achieves their full potential. At LSI we are very proud of our high student satisfaction rates.

The level reached after studying at LSI depends on a variety of factors:

- Duration of the course – the longer the course, the better the results
- Number of lessons – a more intensive course helps you progress faster
- The language level of the student at entry

Final results will always depend on you, the student. Active participation in afternoon social activities, making new friends from all over the world, immersing yourself in the local culture, as well as speaking the target language as much as possible, will greatly affect your achievements.

LSI Language Learning System

We're passionate about language learning. That's why we're constantly reviewing the latest trends and methodology in the field.

Academic staff from every LSI school participate in the research and development of our programmes. We ensure that the latest theories of language learning are considered and evaluated throughout our centres. That's why every one of our schools is a healthy environment for learning. It also means that all our students benefit from a massive academic team based throughout 14 schools in 7 different countries. Developed and refined over the last 50 years, the following points are fundamental to our language learning system:

Language Immersion

At LSI we believe that the best way to learn a language is to study in the country where the language is spoken. We want you to immerse yourself in the culture and truly 'live the language'. This is the most efficient and satisfying way to learn and remains at the core of LSI's language learning system.

LSI Levels

Upon arrival at any LSI school, we'll give you a comprehensive language level test so we ensure you go straight into the right class for you. LSI levels have been closely matched to the Common European Framework, TOEFL iBT, TOEIC, IELTS and University of Cambridge English examinations. To move up to the next LSI level you need to master our specific 'level objectives', which you can demonstrate by test scores and class participation.

At LSI we understand that some students learn faster than others, so our course is tailored for you as the individual. There are regular opportunities to discuss your progress with your teacher and contribute to the weekly plans for your class. This ensures you get more of what you need, more of the time.

Through systematic testing, monitoring your class performance and constant teacher appraisal, the school academic director will track your progress

and identify exactly when you have mastered the level objectives and are ready to move up to the next level. This monitoring and testing allows us to grade between and within levels, allowing you to spend more time studying with the students and materials at the level which is right for you.

Latest Materials

We're constantly reviewing the latest materials available for language learning. We provide you with what our academic team have identified as being the very best materials currently available for your level. We are also committed to providing the latest technology, utilising the most cutting edge audio, video and web based resources to bring modern, real world language into the classroom.

Cultural Exchange

We are proud of and committed to the cultural exchange that happens within our centres. As you 'learn and live the language' you will gain a greater understanding of the country in which you are studying. And as our students come from all over the world, our centres are not just places to learn languages, but are also places to meet and share experiences with people from a huge range of backgrounds and cultures. This is why our students find our programme to be such an enriching experience.

Quality Teachers

We understand that our students' single most identifiable measure of programme quality is the teacher. That's why at LSI we only work with experienced, highly motivated teachers, qualified with country specific teaching credentials.

As such we have a systematic programme of teacher development and performance evaluation. All of our students are regularly invited to provide feedback so that we can ensure that your teacher meets your expectations.

Test your language level

ISY 30 is offered at all LSI language centres but please note that other course options may vary between schools. We are happy to advise you as to which option is most suitable for your needs.

ISY & Your Expectations

As ISY courses are anywhere from 24 to 48 weeks in length we expect our students to achieve excellent results.

The level reached after an ISY course depends on a variety of factors:

- Duration of the course – the longer the course, the better the results
- Number of lessons – often a more intensive course yields better results
- The language level of the students – the higher the language level, the more time it may take to advance to the next level

Final results will always depend on you, the student. Active participation in afternoon social activities, making new friends from all over the world, immersing yourself in the local culture, as well as speaking the target language as much as possible, will have enormous impact on your achievements.

Accommodation

All options are available (see page 22 and individual LSI language centres in our pull-out). However, we recommend our carefully chosen homestays to ISY students, at least for the first month of your course – the friendly welcome you receive helps you settle quickly into life in a new country.

Academic English

LSI's Academic English programme gives you the skills in spoken and written English that you need to succeed at an English-speaking university or college. The programme is flexible and can be tailored to meet your individual needs.

Academic English combines general English with a focus on key academic skills and exam English. The programme includes regular, focussed grammar and vocabulary reviews, which allows students to target their individual language needs while developing their academic reading and writing skills. This is all supported by specialised, targeted, online resources through our online learning system, E-LSI.

- Duration: 30 x 50 minutes (25 hours)
- 15 students max. per class
- Intermediate to Advanced levels
- Course length: 4–48 weeks
- Age 16+

Academic English is designed for students who need to meet English language requirements to enter an English-speaking university, college or further education programme, or simply wish to expand their ability to use English in an academic setting. Academic English is appropriate for students who have at least a strong intermediate level of English. We recommend that students who do not yet have a sufficient level of English join the general English programme until they reach the necessary level. - Note taking and organising
- Essay writing skills, including critical thinking and developing and presenting arguments

LSI Independent Sixth Form College

LSI Independent Sixth Form College provides high quality, fully accredited, A level and university preparation programmes. We prepare students from all over the world to gain entry into some of the UK's most prestigious universities.

The Campus

All courses at LSI Independent Sixth Form College are based in our beautiful and spacious Victorian building in the leafy borough of Hampstead. LSI's location provides a tranquil environment in which to study, in one of the most beautiful parts of London. The college has excellent transport links and is only 20 minutes from the heart of London, by tube or by bus.

Classrooms are fully equipped with technology including internet, computers, large screen TVs and interactive whiteboards. We also have a specially designed laboratory for our science programme. The campus has a dedicated student lounge and a beautiful garden that can host college events in the summer, providing the perfect environment to foster a strong student community.

AS and A level Courses

A levels are the standard qualifications required for admission to most UK universities.

Even in Scotland, where the Scottish Higher is the predominant entry level qualification, A levels are widely accepted. Most subjects can also be taken at AS level, sat at the end of the first year of study on a two-year A level course. AS levels are sometimes used in conjunction with A level results by UK universities when considering a candidate's application.

LSI offers one-year, 18 months and two-year A level programmes depending on the student's prior knowledge and qualifications. Generally, A levels are studied over two years with students selecting four subjects in the first year dropping to three subjects in the second year.

The college offers the following subjects at AS and A level:

- Biology
- Business
- Chemistry
- Economics
- English Language & Literature
- French
- Geography
- German
- History
- Information & Communication Technology (ICT)
- Mathematics
- Further Mathematics
- Physics
- Politics
- Psychology
- Spanish

Pre-sessional English Programmes

A minimum of Band 5.5 IELTS is required for our A level courses. For students who do not meet the requirement, LSI runs pre-sessional English programmes prior to the start of the A level programme. For A level programmes that start in September, pre-sessional English classes run in July and August. For students who have not reached the English requirement by September, subject to prior academic performance and visa requirements, students may be able to extend their pre-sessional English studies and follow on with our shorter 18 month A level programme.

University Pathway Service

The LSI University Pathway Service is designed specifically to help and prepare our students to apply to and thrive at English-speaking universities or colleges.

In addition to intensive language and academic tuition of our Academic English programme, our trained university counsellors help you choose the right university or college programme. They assist you at every stage of the application process, from start to finish. At the same time, LSI's academic team work with you to design a study plan tailored to your needs and then monitor your progress to ensure that you achieve these goals wherever possible.

The University Pathway Service includes:

- Preliminary level placement and academic advice before arriving at LSI
- Assistance with conditional letters of admission to universities and colleges (see right)
- Individual study programmes tailored to meet your needs and goals
- Counselling throughout your course, including assistance in completing applications, visiting universities and preparing for interviews. We can also assist with your application documents to any of our partner universities and colleges
- Visa extension advice and support*

Which LSI schools offer the University Pathway Service?

We offer the service at all our schools in the UK, USA, Canada, Australia and New Zealand. It is available to any student booking 12 weeks or more of our Intensive 30 or Academic English Programme.

LSI University Counsellors

Every LSI school has a trained counsellor on site to provide advice throughout the university application process. Our friendly and professional counsellors work with you one-to-one to ensure that you choose the best university programme for you and with the school's academic team to monitor your progress. This ensures that you are on target to reach the academic standards required by your chosen university.

Our counsellors will also assist you with the university application process from start to finish, whether you wish to take up a place at one of our partner institutions or enrol at another university of your choice.

Conditional letters of admission

Many colleges and universities in the UK, USA and Canada offer conditional admission to international students. Conditional admission is perfect for international students who are academically qualified but need to improve their English skills before they begin their degree programmes.

In New Zealand and Australia, LSI works with local universities, polytechnics and tertiary institutions. Whilst at the start of 2017, LSI can not yet offer conditional letters of acceptance in NZ and Australia, if you would like to go on to study at these institutions, we will assist you with your appointments to see the International Admissions Staff.

How does conditional admission work?

Students apply to a university or college and, if they meet the academic requirements, they are issued with a conditional letter of admission. This letter states which additional requirements are needed before the student can begin their programme. These additional requirements focus on meeting the English language requirements of the university or college. LSI's Academic English programme and University Pathway Service help you meet those requirements.

Students at LSI schools in the UK, USA and Canada may receive conditional letters of admission for their chosen university or college which ensure them places on degree courses subject to completion of an LSI programme. Some of LSI's partner universities in the USA and Canada accept LSI's own levels as proof of English language ability; other institutions may require either IELTS or TOEFL iBT scores.

LSI can arrange a conditional letter of admission to your chosen university or college for you before you arrive. Once you begin your course at LSI, our academic team prepare you to meet the additional language requirements for your course and take you step by step through the application process.

Family Programme

LSI Family Programme

Designed for parents who wish to combine a family holiday with their English studies, the LSI Family Programme allows parents to choose from a wide selection of adult courses while their children follow one of LSI's specialised English programmes for juniors. Classroom activities and teaching methods are specially adapted to suit both adults and children, ensuring that the whole family will have fun while learning.

The family programme is offered in all LSI schools where the English for Juniors programme is run.

LSI Family Programme for Younger Juniors (7–11 years)

In addition, for younger students (7–11 years), LSI runs the family programme at San Diego, San Francisco/Berkeley, Toronto and London Hampstead. At London Hampstead, San Francisco/Berkeley and San Diego the adults and children study in the same building. In Toronto, the younger juniors attend our summer camp, only a short train journey from the main school.

Depending on the family size and availability, LSI can organise accommodation with either a host family or in apartments. Our centre in San Diego also offers an on-site child care option for children under 7 years of age with qualified teachers who will provide age-appropriate lessons, activities, and crafts in a fun and nurturing environment. The younger children may also accompany their siblings and parents on activities and excursions, such as the San Diego Children's Museum, Balboa Park, and San Diego Zoo.
