Student Progress

Throughout the LSI programme, we monitor the academic development and well-being of each and every student carefully. We ensure that every student progresses as quickly as possible and achieves their full potential. At LSI we are very proud of our high student satisfaction rates.

The level reached after studying at LSI depends on a variety of factors:

- Duration of the course – the longer the course, the better the results
- Number of lessons – a more intensive course helps you progress faster
- The language level of the student at entry

Final results will always depend on you, the student. Active participation in afternoon social activities, making new friends from all over the world, immersing yourself in the local culture, as well as speaking the target language as much as possible, will greatly affect your achievements.

"I can truly say that LSI has changed my life. For me LSI was much more than just a school. I made such good friends that I'll keep for life."

LSI Language Learning System

We're passionate about language learning. That's why we're constantly reviewing the latest trends and methodology in the field.

Academic staff from every LSI school participate in the research and development of our programmes. We ensure that the latest theories of language learning are considered and evaluated throughout our centres. That's why every one of our schools is a healthy environment for learning. The following points are fundamental to our language learning system:

Language Immersion

At LSI we believe that the best way to learn a language is to study in the country where the language is spoken. We want you to immerse yourself in the culture and truly 'live the language'.

LSI Levels

Upon arrival at any LSI school, we'll give you a comprehensive language level test so we ensure you go straight into the right class for you. LSI levels have been closely matched to the Common European Framework, TOEFL iBT, TOEIC, IELTS and University of Cambridge English examinations. To move up to the next LSI level you need to master our specific 'level objectives', which you can demonstrate by test scores and class participation.

At LSI we understand that some students learn faster than others, so our course is tailored for you as the individual. There are regular opportunities to discuss your progress with your teacher.

Through systematic testing, monitoring your class performance and constant teacher appraisal, the school academic director will track your progress and identify exactly when you have mastered the level objectives and are ready to move up to the next level. This monitoring and testing allows us to grade between and within levels, allowing you to spend more time studying with the students and materials at the level which is right for you.

Latest Materials

We're constantly reviewing the latest materials available for language learning. We provide you with what our academic team have identified as being the very best materials currently available for your level. We are also committed to providing the latest technology, utilising the most cutting edge audio, video and web based resources to bring modern, real world language into the classroom.

Cultural Exchange

As you 'learn and live the language' you will gain a greater understanding of the country in which you are studying. And as our students come from all over the world, our centres are not just places to learn languages, but are also places to meet and share experiences with people from a huge range of backgrounds and cultures.

Quality Teachers

We understand that our students' single most identifiable measure of programme quality is the teacher. That's why at LSI we only work with dedicated, highly motivated teachers, qualified with country specific teaching credentials.

As such we have a systematic programme of teacher development and performance evaluation. All of our students are regularly invited to provide feedback so that we can ensure that your teacher meets your expectations.

International School Year (ISY)

This could be the most exciting year of your life. Spend a year abroad, achieve a high level of fluency in your chosen language and make new friends from all over the world. The ISY offers value for money and a great choice of course options.

Key Features of ISY

- 20, 24, 25 or 30 lessons per week
- Course length 24+ weeks. Advised duration 24/30/36/48 weeks
- Minimum age: 16+
- Beginner to Upper Intermediate levels
- Lesson: 50 minutes (45 minutes in Zurich)
- Max class size: 15 students (12 in Zurich)
- Afternoon academic options
- Regular testing, academic counselling and assistance with university placement

An individual study plan is designed for you to suit your level, individual aims and the duration of your course.

We continue to check your progress with regular meetings to make sure you achieve your aims. Your study plan options can include: general language classes (see page 8), examination courses, fluency practice, study skills classes, Academic English/Pre-Masters and English for Business.

ISY 30 is offered at all LSI language centres but please note that other course options may vary between schools. We are happy to advise you as to which option is most suitable for your needs.

ISY & Your Expectations

As ISY courses are anywhere from 24 to 48 weeks in length we expect our students to achieve excellent results.

The level reached after an ISY course depends on a variety of factors:

- Duration of the course – the longer the course, the better the results
- Number of lessons – often a more intensive course yields better results
- The language level of the students – the higher the language level, the more time it may take to advance to the next level

Final results will always depend on you, the student. Active participation in afternoon social activities, making new friends from all over the world, immersing yourself in the local culture, as well as speaking the target language as much as possible, will have enormous impact on your achievements.

Accommodation

All options are available (see page 26 and individual LSI language centres in our pull-out). However, we recommend our carefully chosen homestays to ISY students, at least for the first month of your course – the friendly welcome you receive helps you settle quickly into life in a new country.

Work Experience

Work Experience can be arranged for ISY students (see page 12).

LSI University Pathway Service

Available to all ISY students (see page 19).

- Chemistry
- Computer Science
- Economics
- English Language & Literature

Pre-sessional English Programmes

A minimum of Band 5.5 IELTS is required for our A level courses. For students who do not meet the requirement, LSI runs pre-sessional English programmes prior to the start of the A level programme. For A level programmes that start in September, pre-sessional English classes run in July and August. For students who have not reached the English requirement by September, subject to prior academic performance and visa requirements, students may be able to extend their pre-sessional English studies and follow on with our shorter 18 month A level programme.

“Excellent teachers, friendly staff and a cordial atmosphere: these are the three important factors in choosing a language school. LSI is the best school with all of these advantages!”

Which LSI schools offer the University Pathway Service?

We offer the service at all our schools in the UK, USA, Canada, Australia and New Zealand. It is available to any student booking 12 weeks or more of our Intensive 30 or Academic English/Pre-Masters Programme.

LSI University Counsellors

Every LSI school has a trained counsellor on site to provide advice throughout the university application process. Students who study with us for 12 weeks or more receive free university counselling. Our friendly and professional counsellors work with you one-to-one to ensure that you choose the best university programme for you and with the school's academic team to monitor your progress. This ensures that you are on target to reach the academic standards required by your chosen university.

Our counsellors will also assist you with the university application process from start to finish, whether you wish to take up a place at one of our partner institutions or enrol at another university of your choice.

Conditional letters of admission

Many colleges and universities in the UK, USA and Canada offer conditional admission to international students. Conditional admission is perfect for international students who are academically qualified but need to improve their English skills before they begin their degree programmes.

In New Zealand and Australia, LSI works with local universities, polytechnics and tertiary institutions. Whilst LSI can not offer conditional letters of acceptance in NZ and Australia, if you would like to go on to study at these institutions, we will assist you with your appointments to see the International Admissions Staff.

How does conditional admission work?

Students apply to a university or college and, if they meet the academic requirements, they are issued with a conditional letter of admission. This letter states which additional requirements are needed before the student can begin their programme. These additional requirements focus on meeting the English language requirements of the university or college. LSI's Academic English programme and University Pathway Service help you meet those requirements.

Students at LSI schools in the UK, USA and Canada may receive conditional letters of admission for their chosen university or college which ensure them places on degree courses subject to completion of an LSI programme. Some of LSI's partner universities in the USA and Canada accept LSI's own levels as proof of English language ability; other institutions may require either IELTS or TOEFL iBT scores.

LSI can arrange a conditional letter of admission to your chosen university or college for you before you arrive. Once you begin your course at LSI, our academic team prepare you to meet the additional language requirements for your course and take you step by step through the application process.

* Not available in the UK

In addition, LSI's Academic English/Pre Masters course prepares students not only for the exams but also to thrive in the academic and social environment of top universities.

LSI Partner Universities

Many of LSI's partner universities in the USA and Canada accept LSI levels as proof of ability in English.

This means that you can get a university or college place without having to take an external examination such as the TOEFL iBT.

Our pathway with Berkeley City College outlines in more detail how this relationship with LSI and our partner institutions works.

University Pathway with LSI Partner Berkeley City College

Students who have a high level of English and have completed an LSI Intensive programme are eligible to transfer to Berkeley City College (BCC), which is conveniently located just across the street from LSI! Berkeley City College is a highly respected community college where students can complete the first two years of their undergraduate college credit, working towards their four year Bachelor's Degree. Once students complete their programme at BCC they can then apply to state universities throughout America (including the University of California, Berkeley) in order to complete the last two years of their four year undergraduate degree.

Group Only Junior Centres

All our LSI language centres offer year-round language courses for juniors to closed groups. Study French in Paris, German in Zurich or English in Auckland, the choice is yours.

Our courses all include language classes, full board accommodation, social activities and full day excursions. Each group is required to travel with a group leader. Check with individual schools for details of age ranges, minimum group numbers, maximum class sizes for closed groups and discounted/waived fees for group leaders.

Paris

Our Junior courses are run from our bright new school premises located in the historic and cultural centre of Paris. We offer residential accommodation close to the school. LSI Paris requires a minimum of 15 students per group and early booking is advisable to reserve the residence.

Our activities can be tailored made but popular excursions include day trips to Disneyland Paris, the Eiffel Tower and the City of Science and Industry.

Zurich

Junior courses are run in a renovated period building located in the trendy Seefeld area of Zurich. We offer residential accommodation at the youth hostel across the lake. LSI Zurich requires a minimum of 6 students per group and early booking is advisable to reserve the accommodation.

We have a selection of activities to choose from but popular excursions include trips to the Uetliberg, Masoala Rain Forest and Rheinfall or exploring the city by bike. A day trip to Europa Park can be organised at the weekend.

Brisbane

Based in the centre of Brisbane, our school provides a cosy, friendly environment for our young learners. The centre accepts bookings from groups of 15 or more students and can arrange both homestay and residential accommodation.

Usual activities on our juniors course include trips to the zoo, boat trips and museum visits, but the school is also able to custom make programmes for groups.

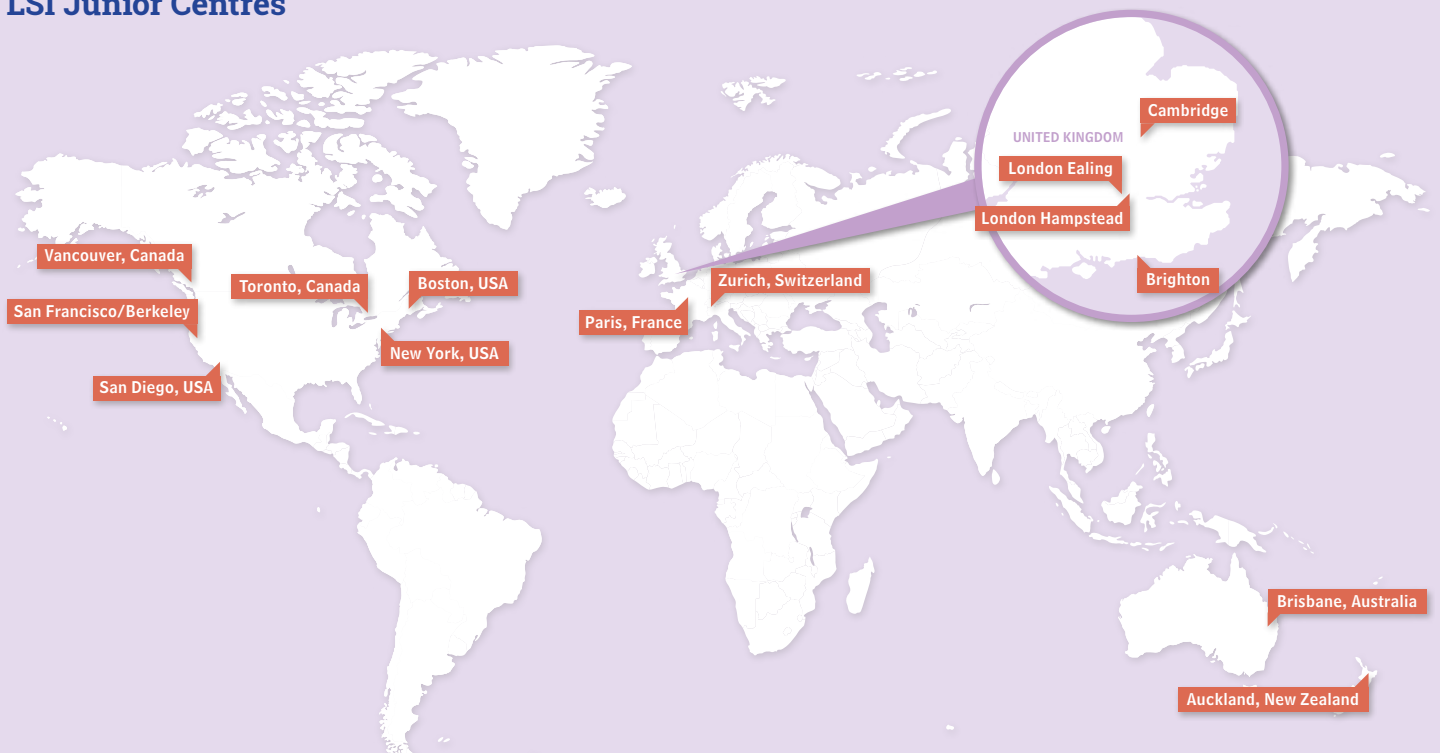

Auckland

Situated right in the heart of the city and next to Myers Park, our centre is a bright and welcoming place to study. The school accepts group bookings of 15 or more students. Homestay accommodation is provided with a minimum of two students being placed with each host family.

Sample activities and excursions include surfing at Muriwai, horse riding, ferry trips, ten pin bowling and a trip up Auckland's iconic Sky Tower.

LSI Junior Centres

Student Welfare

The safety and well-being of students in our care is our top priority. All LSI centres work with local and national agencies to ensure that we maintain the highest industry standards in safeguarding and child safety.

Students are supervised both in the classroom and on social activities. School staff are available to both students and parents at all times. LSI also provides trained welfare officers in all our schools to offer any additional support required by the students.

Security is also a priority when selecting the right kind of accommodation for our Junior students. LSI homestays are carefully selected and regularly visited by a trained member of staff, while our student residences provide 24 hour supervision.

In Canada, for students under the age of 18 travelling without a parent or guardian and coming from countries requiring visas to enter Canada, Canadian embassies may require custodianship forms. LSI offers custodianship services for CD\$50 per student.

To ensure student welfare there is a 10pm* curfew, unless students are on a supervised LSI activity. Valuables such as passports and airline tickets may be left with the centre manager on the student's first morning, to be kept securely locked in the school.

* 9pm in the UK

“I learnt a lot and had very good, fun teachers. I met students from many other countries and had a really good time at LSI.”

LSI Family Programme

Designed for parents who wish to combine a family holiday with their English studies, the LSI Family Programme allows parents to choose from a wide selection of adult courses while their children follow one of LSI's specialised English programmes for juniors. Classroom activities and teaching methods are specially adapted to suit both adults and children, ensuring that the whole family will have fun while learning.

The family programme is offered in all LSI schools where the English for Juniors programme is run.

LSI Family Programme for Younger Juniors (7–11 years)

In addition, for younger students (7–11 years), LSI runs the family programme at San Diego, San Francisco/Berkeley and London Hampstead. For this age range the junior programme is offered on a course only basis but San Diego can also organise an activity package on request.

Depending on the family size and availability, LSI can organise accommodation in a homestay or in apartments. Our centre in San Diego also offers an on-site child care option for children under 7 years of age with qualified teachers who will provide age-appropriate lessons, activities, and crafts in a fun and nurturing environment. The younger children may also accompany their siblings and parents on activities and excursions, such as the San Diego Children's Museum, Balboa Park, and San Diego Zoo.

“Hello, I wanted to say that I really liked LSI because teachers and students are good and fun, and the place is cute. Thank you for everything. ”

"We did not just do English grammar, but also everyday English that is used in daily life. I loved that my classmates come from everywhere and that I could learn about different cultures, languages and traditions.

MARTA GAZZOTTI, ITALY

"I would say this experience was amazing. Not until I came here did I realise just how interesting it would be to study in a language school abroad and meet such great friends.

MICHAEL MA, TAIWAN

"I'd like to say that the experience in the homestay was absolutely amazing. I really enjoyed the time I spent at LSI. I met lots of people. I shared experiences, lunches, dinners and trips. Now I can speak with confidence."

DIANA VALCARCEL GARCIA, COLOMBIA

"LSI is amazing and full of warmth, teachers teach us with true passion and the classrooms are fully equipped. My homestay family was gorgeous. They helped me every afternoon speaking English with me."

DAVID FAUSTINI, VENEZUELA
