Seoul and its surrounding districts make up one of the world's largest metropolitan areas, with over 25 million people. With a population density almost double that of New York, Seoul is a vibrant hive of activity, offering endless opportunities for discovery and fun.

With such a huge population, Seoul is an energetic city that is open 24 hours a day.

Seoul is built for freezing winters and steamy summers; one can huddle around a tabletop BBQ in the cooler months or kick back in an office-roof beer garden during long summer nights. Whatever the time of year, an almost endless selection of entertainment always awaits you.

Being a 'city of villages', it can sometimes seem that every subway stop adds a whole new dimension to Seoul - experience the fashion madness of Gangnam, the alternative music scene in Hongdae, and the diverse shopping streets of Myeongdong.

As one of Asia's leading cultural sites, Seoul has five ancient palaces and five UNESCO World Heritage sites. You can lose yourself in over seven hundred museums, and hundreds of performance centres and galleries. Bargain hard at cheap-and-cheerful markets or treat yourself to the delights of the world's leading fashion boutiques. Party the night away in a dizzying array of nightclubs, or relax with your Korean friends for a night of bulgogi and beer.

Whatever your interests, and whether you are here just for a weekend or for a few years, Seoul has something for everyone.

## Seoul Campus

Lexis Seoul is just a few steps away from Gangnam Station, in the vibrant heart of one of Asia's best known fashion and entertainment districts. Hundreds of cafes, restaurants, bars and clubs are within a short walk, while the fast and efficient Seoul Metro links Gangnam to the rest of the city and beyond.

Lexis Korea occupies 3 floors of the ANY Tower building, with floor-to-ceiling glass windows providing views over the buzzing streets of Gangnam. A rooftop garden area offers students a quiet refuge from the bustle of the city below. With 18 large air-conditioned classrooms, Lexis Korea has world class facilities designed to ensure that students can make the most of their study experience in a safe and comfortable environment.

# The City 부산 BUSAN

Located down south, Busan, South Korea's second largest city, is a vibrant and dynamic city, famed for its stunning beaches and lively food scene with fresh, delicious seafood being the key ingredient in most kitchens.

Many assume Busan to be just like Seoul, but in reality, Busan displays quite a distinct character. Much more laid back than the capital, Busan is a gorgeous city framed by stunning natural landscapes, with a beautiful coastline and ocean views to the south as well as scenic mountains and cliffs to the north.

With a population of approximately 3.6 million people, Busan exudes a holiday-resort-city vibe and offers completely different experiences from Seoul. Just minutes from the bustling downtown area, you can lounge on one of Asia's finest beaches, explore the wilds of Korea's national parks, get lost in the world's largest department store, find inner peace meditating in a temple, and enjoy the fresh seafood in the largest fish market in Korea.

Busan also offers trendy beachside bars, upscale bars and cocktail lounges, so there is no shortage when it comes to having fun. The most amazing highlight of Busan's nightlife is that you can dance your night away at some of the best nightclubs at Gwangalli Beach, or if you prefer, you may unwind to some jazz at Haeundae Beach.

With its laid-back vibe, Busan makes an ideal study location, having an affordable cost of living, and despite the four distinct seasons, a welcoming temperate climate throughout the year that never gets too hot or too cold.

If you wish to enjoy a relaxing and peaceful resort lifestyle, while experiencing Korea's city excitement, Busan is the place to be!

## Busan Campus

Lexis Busan fills the 6th floor of the landmark DS Tower, with modern facilities that ensure our students are in a comfortable and enjoyable environment, promoting an innovative learning experience.

We are located in Busan's main youth district, right opposite the trendy Jeonpo Cafe Street, and just a 5 minute walk from Seomyeon Station, a major transportation hub, offering our students the convenience of getting to world famous attractions such as Haeundae and Gwangalli beaches.

Seomyeon, the stomping ground of Busan's youth, bustles with life all day long. The streets of Seomyeon are filled with cafes, bars, and restaurants that offer delicious and inexpensive food which naturally attracts a more lively crowd.

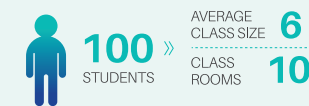

### CAMPUS TRANSFER

Our fully qualified and experienced teachers at both our campuses are there to ensure a fast-paced, intensive Korean study experience, while our friendly and approachable Student Services team is always on hand to offer support with living, study and play.

Lexis Korea runs a weekly curriculum with both our Seoul and Busan campuses sharing the same course cycle, allowing our students the opportunity to transfer from one campus to the other without skipping a beat.

## IELTS Exam Preparation

Lexis not only offers Korean language programs - we are also one of Korea's leading IELTS exam preparation centres. The IELTS exam is used as a key entry requirement for universities in Korea, and around the world. Based on the curriculum offered at Lexis Australia schools, Lexis Korea's fast-paced and challenging exam preparation program is taught by qualified native English speaking teachers. Whether your aim is to reach an IELTS score for further tertiary study, or just to take a structured English language program in a fantastic international environment, Lexis' academic IELTS program is a great way to take your English proficiency to the next level. As both our Seoul and Busan campuses are official IELTS Test Centres, our students are at an advantage as they are able to take the test at the same place where they attend classes.

### WHAT IS IELTS?

The International English Language Testing System is an international standardised test of English language proficiency. It is jointly managed by the University of Cambridge ESOL Examinations, the British Council and IDP Education Pty Ltd. There are two versions of IELTS: the Academic Version and the General Training Version. IELTS is accepted by most English speaking academic institutions, and may also be used for immigration purposes to Australia, New Zealand, Canada and the United Kingdom.

# Lexis ACCOMMODATION

At Lexis Korea, we make sure that you have access to comfortable, secure, and affordable accommodation within a short distance from our campuses. Amongst our popular accommodation options are:

## HOMESTAY

Homestays allow students to live with a local family, experience day-to-day life in Korea, and enjoy amazing home-cooked Korean food! There is no better way to develop your language skills and learn more about this fascinating country than to fully immerse yourself in the culture and society. As with most Koreans, our homestay families are eager to share their culture with our students, and can introduce you to some of the hidden delights of Seoul and Busan.

Some families live in downtown apartments, others in larger homes in the suburbs, but regardless you will be warmly welcomed to the house as a guest, and will have the chance to experience the hospitality for which Koreans are well known for.

## MINI STUDIO

Lexis Korea can arrange accommodation from a selection of mini-studio locations in both Gangnam and Seomyeon. Mini-studios, or better known as 'goshiwon' to the locals, are low-priced accommodation normally used by university students. Rooms are self-contained, with basic furnishings and a private bathroom. Kitchen and laundry facilities are shared, with most providing free rice, noodles and kimchi.

Please keep in mind however that while mini studios are the cheapest possible private accommodation, the rooms are very small!

Typically, the mini-studios we provide are within a fifteen-minute walk to the Lexis campus, and are a short stroll from a near-endless selection of shops, restaurants and bars. Full CCTV security systems are in place, along with auto-locking doors and on-site security; making mini-studios an ideal option for women travelling alone. Many providers offer 'women only' floors, so please request this if you would feel more comfortable.

## SERVICED APARTMENT

For those wanting a more comfortable stay, serviced apartments offer a higher standard of accommodation. We have affiliated partners in both Seoul and Busan to offer you the most convenient stay. Please do note however that serviced apartments are one of the more expensive options and therefore are more suitable for short term stays.

### SEOUL - Coatel Serviced Apartment

We are affiliated with Coatel Serviced Apartment which is conveniently located right next to Lexis Korea. Positioned right in the heart of Gangnam and just 3 minutes walk from Gangnam Station Exit 5, we offer a deluxe double room priced at KRW80,000 per night. A daily breakfast can be provided for an additional charge.

# Thank You, Lexis Korea!

*The teachers are the best part of this experience. They engage the class using various methods to make sure the students understand. They always explain things thoroughly and were very patient with the students. They are fun, yet keep learning a priority. It was also fun to meet students from all around the world with the same goal - learning the Korean language. I wish I could stay much longer but I hope to come back and study for a much longer next time.*

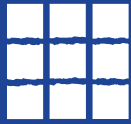

Dana from United States

*My teacher made the class very fun and had a lot of patience with us. She made me want to interact in class and also pay attention. She would introduce a wide variety of topics as well as vocabulary. Class was never boring. I stayed in the mini studio and the accommodation was also great. Our mini studio manager was very friendly, willing to help and even took us out for activities. The support system in Lexis is very good and I felt well taken care of. Thank you so much for a great time! I also appreciate that I could learn so much and really see my Korean skills improve. I'd love to come again!*
