

YOUR GATEWAY TO HIGHER EDUCATION

As a child, my parents founded what was then, the first mixed bilingual boarding school in Colombia, South America.

Ever since, I have been surrounded by international educators and immersed in a multicultural environment.

The thirst of my parents to instill in their children, languages and cultural awareness, was vivid throughout our entire upbringing and is still a driving force for us today.

A series of events led us to discover other horizons and opportunities in uncharted territories. This brought us to Miami, where in 1998, a small stand-alone language school opened and OHLA was born.

Inspired by the unconditional dedication of my family, the growth of OHLA was achieved because of the unparalleled commitment to its students, staff and faculty members, and network of representatives from all over the world. Also, as a part of our core belief in total student care, OHLA has become a leader in empowering students to reach their higher education goals through our extensive University Gateway Program.

We are proud to welcome, each year, thousands of students from over 66 nationalities.

Today my family members are still involved with OHLA's day-to-day operations and each keeps on embracing every OHLA newcomer as a valued member of our own family.

When you come to OHLA, you come to an award-winning language school with endless opportunities for higher education and the satisfaction of pursuing your academic dreams while meeting people from all over the world.

When you come to OHLA, you will become part of our family.

Welcome to the OHLA Family!

WHAT Universities, Students and Partners ARE SAYING!

○> Thank you OHLA for providing our students from Ecuador with many opportunities to pursue their academic dreams. Our company values your overall services, specially your English Program and your very effective University Pathway Program. Every promise you have made, you have kept. OHLA is a key partner for our company and one that we guard close to our hearts.

ING. RAQUEL ALVAREZ DE MOLESTINA
Eurolingua Corp, Ecuador - Agent

○> OHLA is a highly successful English language training partner for DeVry University. The staff and student support services are excellent, and we find students who complete OHLA's ESL coursework are better prepared for the challenges of the university classroom. OHLA's approach allows students to immerse themselves in English language training that provides them with a more fulfilling academic experience in a U.S. University and beyond.

KATIE GILLIES
International Operations - DeVry Education Group

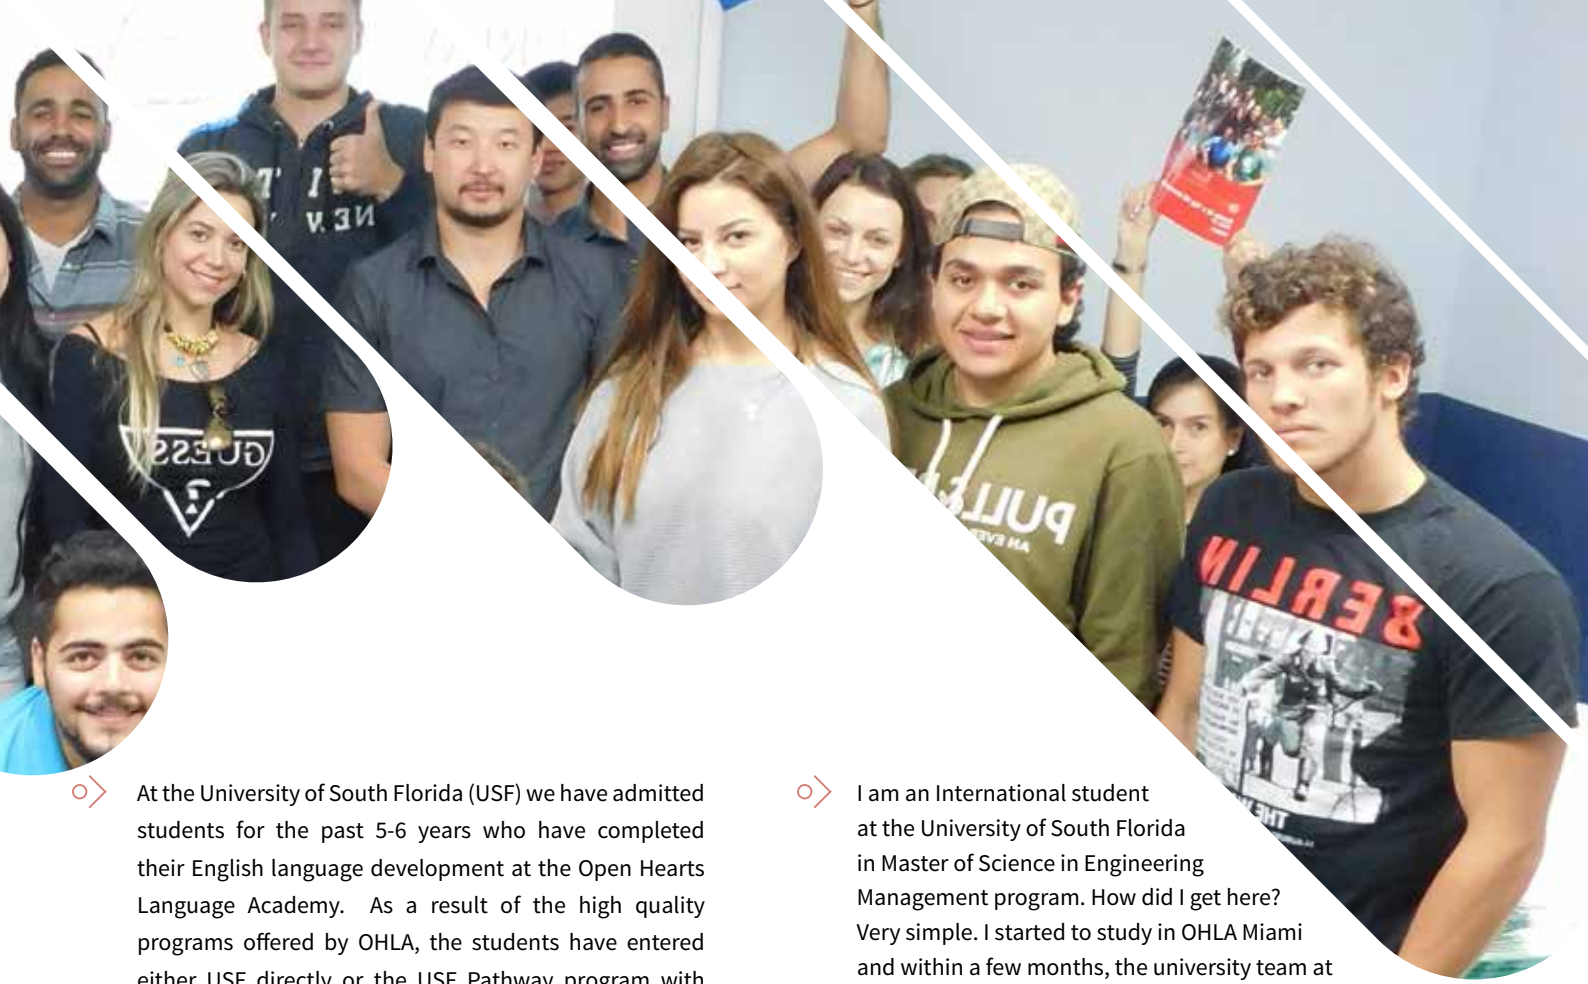

○> At Colorado State University (CSU) and INTO CSU, we have been very pleased with students from OHLA throughout the years. We have been consistently impressed with how well-prepared OHLA students are when joining us and thus continue to excel in our programs. We have found that our relationship with the OHLA University Team has been consistently outstanding. We look forward to welcoming many more students to our campus!

DR. FABIOLA P. EHLERS-ZAVALA
**Associate Professor in English (TESOL)
INTO CSU Center Director**

○> The students we have welcomed on campus from OHLA (Open Hearts Language Academy) have integrated very successfully into the Global First Year program at FIU as they have come to us equipped with excellent English language skills, previous exposure to American culture and prepped with the necessary skills to excel in their first year of university. We greatly enjoy working with the OHLA university team and hope to bring more of their students to FIU in the future.

LORNA BAEZ, PH.D.
**Associate Director of Academics
Global First Year
Florida International University (FIU)**

○> At the University of South Florida (USF) we have admitted students for the past 5-6 years who have completed their English language development at the Open Hearts Language Academy. As a result of the high quality programs offered by OHLA, the students have entered either USF directly or the USF Pathway program with a solid English foundation and have easily made the transition to American Higher Education, along with the social and cultural transition to living in America. Further, it has been a seamless process to admit students to USF because of the dedicated staff at OHLA who put the student's success first and foremost.

GLEN BESTERFIELD, PH.D.
University of South Florida
Assistant Vice President, International Admissions and Global Partnerships

○> I am excited about our partnership with OHLA because of their 18+ years of experience preparing students for continued studies through ESL and language services. Given our multicultural setting outside of Washington, DC, OHLA students will be a great fit for the George Mason University community!

TODD ROSE, PH.D.
Executive Director, INTO George Mason University

○> It has been a pleasure working with OHLA and their staff of professionals as they ensure that OHLA graduates are fully prepared to enter our university academic programs and are ready to succeed. Their English preparation coupled with U.S. cultural orientation gives OHLA students a big advantage.

D. ANDREW BILLS
Senior Vice President for Enrollment
High Point University

○> I am an International student at the University of South Florida in Master of Science in Engineering Management program. How did I get here? Very simple. I started to study in OHLA Miami and within a few months, the university team at OHLA helped me to process my application and I received my official acceptance at USF. I am happy that I had this experience and I believe I will remember it for the rest of my life!

ALEXEY CHIRKOV
Russia- International Student

○> The Pathway program at OHLA is an awesome opportunity for people who want to apply for university. First they have many options of colleges and universities. Second students don't have to take the TOEFL and the SAT to apply. Third, they assist you in all the process in a very efficient way. Forth, the students just have to complete the Advanced 2 level and then they are accepted directly to universities, which work with OHLA. The most important thing is that their English program is amazing. You meet students from all over the world. And now, I will begin a new stage in my life, and I will start my bachelor's degree in Biology at Florida International University.

LETICIA ALMEIDA

Curriculum

OHLA uses a skills-based curriculum, focused specifically on developing necessary linguistic skills in five major areas: reading, writing, listening, speaking and grammar. We, at OHLA, know that the best way to develop these skills is to do it in a “natural” way, the same way we all learned our native languages.

We believe that languages are not meant to be memorized, but rather to be used and practiced on a daily basis in order to maintain continuity and be mastered quickly.

LEVELS OFFERED

At OHLA, mastery of the English language is not viewed as a step-by-step approach, but rather as a continuous and progressive process in which international students are challenged as they move through their levels of language study.

New languages are continuously learned and improved upon, the same way in which we are always learning and improving our native language. The main reason for this is that languages are always evolving; just like everything else we see or experience in life.

CLASS SIZE

Our average class size is 12 students. However, our classrooms can easily accommodate 15 students. This small setting maximizes interaction and allows students to receive the individual attention required in a successful student-centered curriculum

Faculty

Every member of our faculty holds a Bachelor's Degree and are all certified to teach ESL. They have gained ESL qualifications through postsecondary studies or specialized training courses. Besides looking for individuals with the required educational background, we seek teachers who have international experience and, as such, a number of our faculty members have had previous teaching assignments abroad. The diverse educational backgrounds of our teachers provide students the benefit of various teaching styles and experiences.

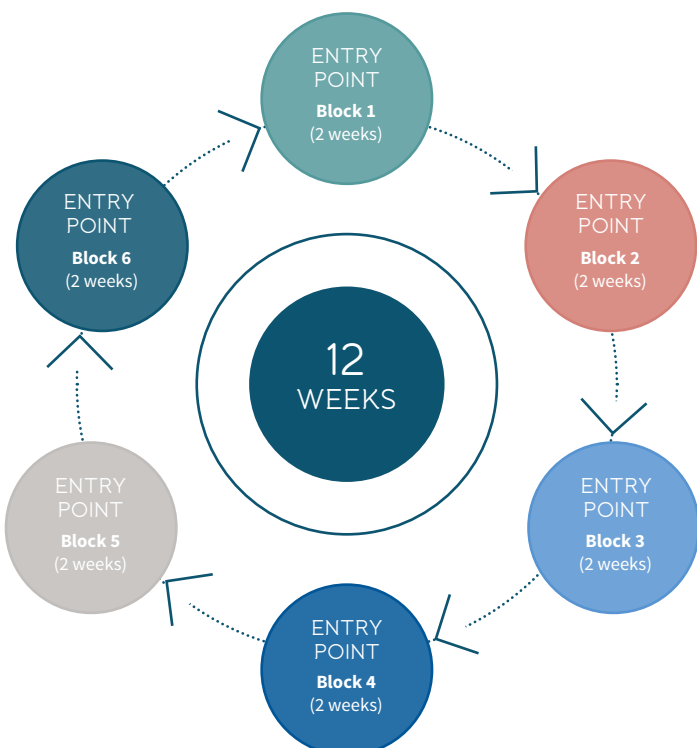

Entry Point and Placement Test

Each level lasts 12 weeks and is sub-divided in six 2-week-units called "blocks". Students may commence their language studies at the beginning of any two-week block. For instance, if a student were to start at the beginning of the third week (beginning of the second block), he or she would complete the remaining 5 blocks, make up the work missed from the first block, and would only be promoted to the next level upon achieving a passing average score in all the assessment tools (such as the biweekly block exams).

While the blocks are designed to be as self-contained and as non-cumulative as possible, it is inevitable that the material will build on itself to some degree, resulting in a progression of skill development, which will maximize the students' learning experience.

Student Services

OHLA offers many services to assist students with their cultural integration into their new surroundings.

Our friendly staff is pleased to provide:

- Assistance with immigration procedures
- Pre-arrival orientation
- Program orientation on arrival
- Assistance with medical insurance enrollment
- Ongoing assistance with day-to-day issues
- Academic counseling and guidance to students registered into our University Gateway Program
- Accommodation in host family or student residence
- Escorted airport transfers
- Conversation club
- Activity program

HOMESTAY ACCOMMODATION (MIAMI & ORLANDO)

At OHLA, we offer both single and double accommodation in carefully selected host families. It is cost-effective and it gives students the change to practice their language skills in an informal setting. It also offers a first-hand glimpse into a new way of life. A family dynamic can play a great part in this global exchange by promoting understanding for other cultures and views.

OHLA inspects all homes and carefully selects the homestay families who participate in the program. Our homestay coordinators aim to match each student with an appropriate host.

STUDENT VISA (F1 VISA)

OHLA is authorized under Federal Law to sponsor foreign students. Upon receipt and acceptance of an application we input information in the Student and Exchange Visitor Information System (SEVIS), and then issue an I-20 Form, which is needed to obtain a student visa (F1). Students must schedule an appointment with the nearest US Embassy, present the I-20 Form and passport, pay the necessary visa fees, submit the required forms for a Student Visa and show evidence of financial support. Additionally, students must be able to prove to the Consular Officer that they have strong ties to their home country.

CONVERSATION CLUB

Our conversation club gives students the chance to practice the language outside of class. Whether students are trying to learn to speak more formally or just want to talk with people of similar interests, our Conversation Club provides an excellent opportunity for students to further immerse themselves in their practice of English. The Conversation Club is FREE and does not require registration. Students just have to join in and have a good time!

ENGLISH ONLY POLICY

OHLA's goal is to facilitate the constant practice of English. As such, an official English Only Zone has been established at OHLA. This zone includes offices, computer labs, classes, student lounge and common areas. Upon entering this zone, students, faculty and staff are required to speak English only. Clear signs are displayed throughout the school that continuously remind students and staff of the importance of using English only in their daily interactions.

MEDICAL INSURANCE

Students under the F1 Visa must carry medical insurance for the length of their studies. OHLA is pleased to offer its very own comprehensive emergency/medical insurance coverage with GUARD ME, the world's largest insurance provider for students.
